A Tribute

CLASS OF
72

Dedication

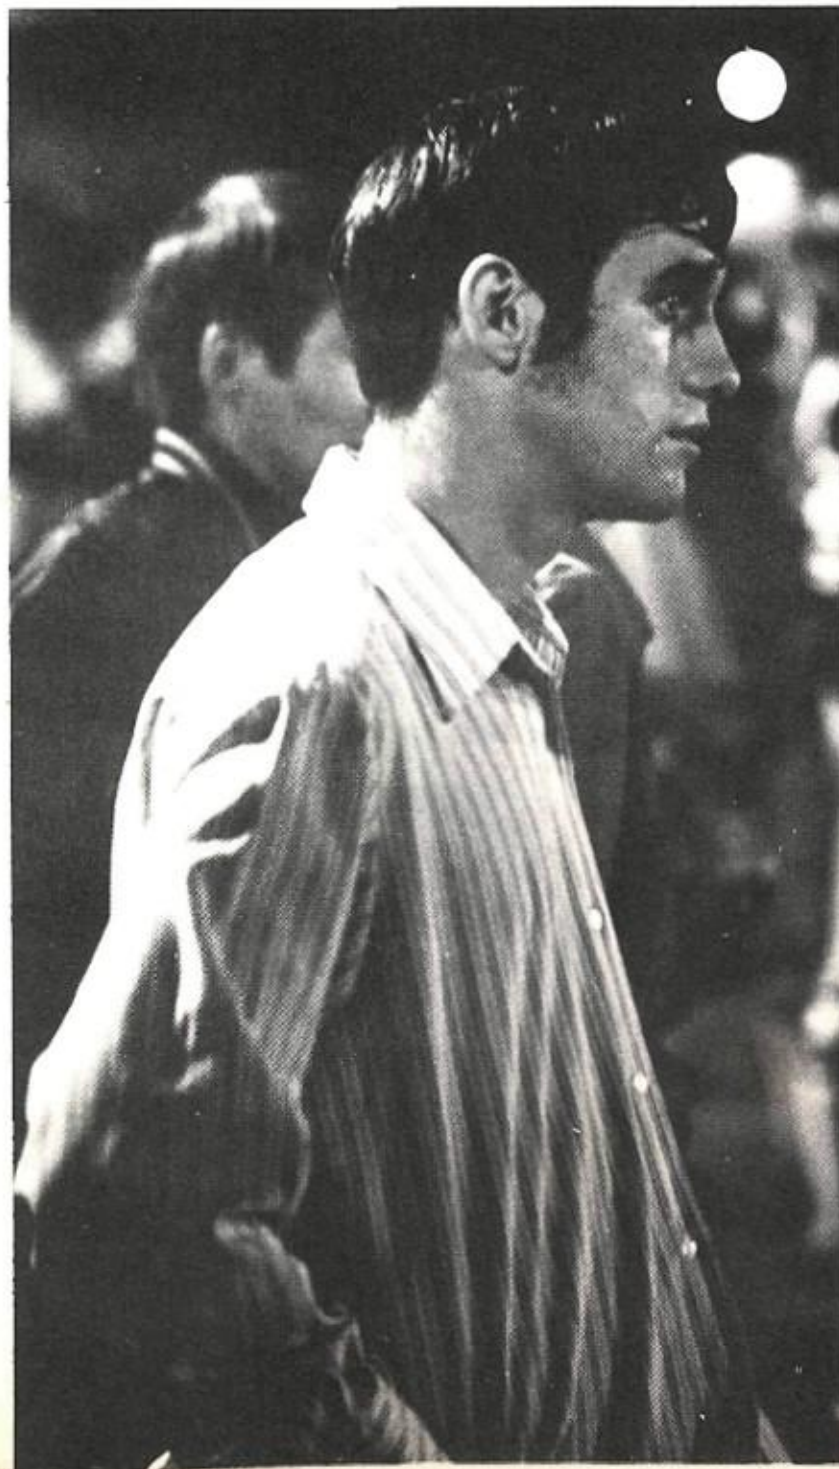

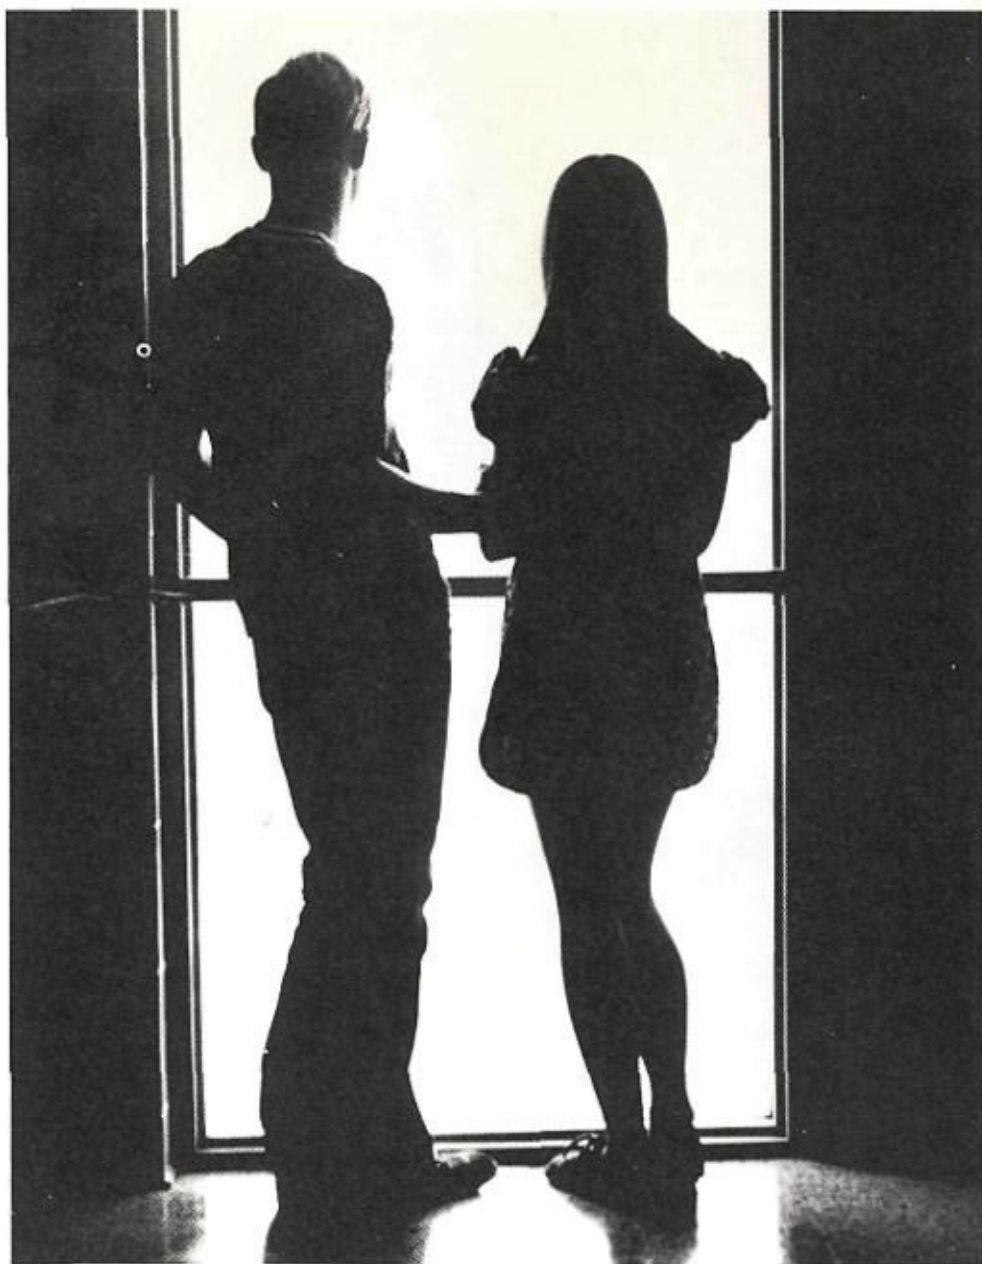

This book is dedicated to the Seniors of 1972, the first graduating class at Nimitz. Some of the people worked four hard years, while many had six years to bring togetherness between themselves. The years spent loving, sweating, and fighting hard to make this school great have paid off. People have respect for Nimitz because of the tradition the

Senior class set down for underclassmen to follow. The foundations for spirit, togetherness, and love for school, town, and one another are the main points bestowed on this school. The VALHALLA staff salutes and praises these Seniors, for a job well done, with the theme, "You in '72."

You in '72

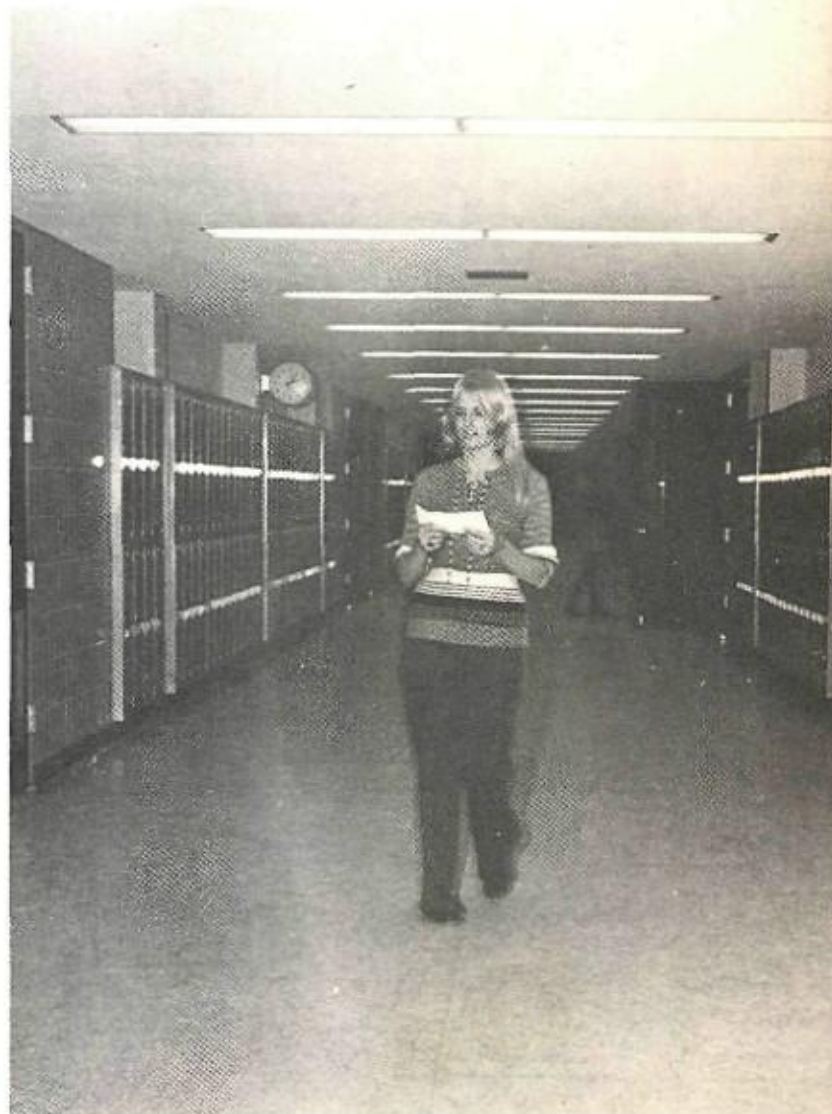

An abundance of time and devotion has been spent to make this a great high school. This is Nimitz's first year to be an official high school. The people that are graduating this year have long awaited the year of 1972 and the great things that are a part of it.

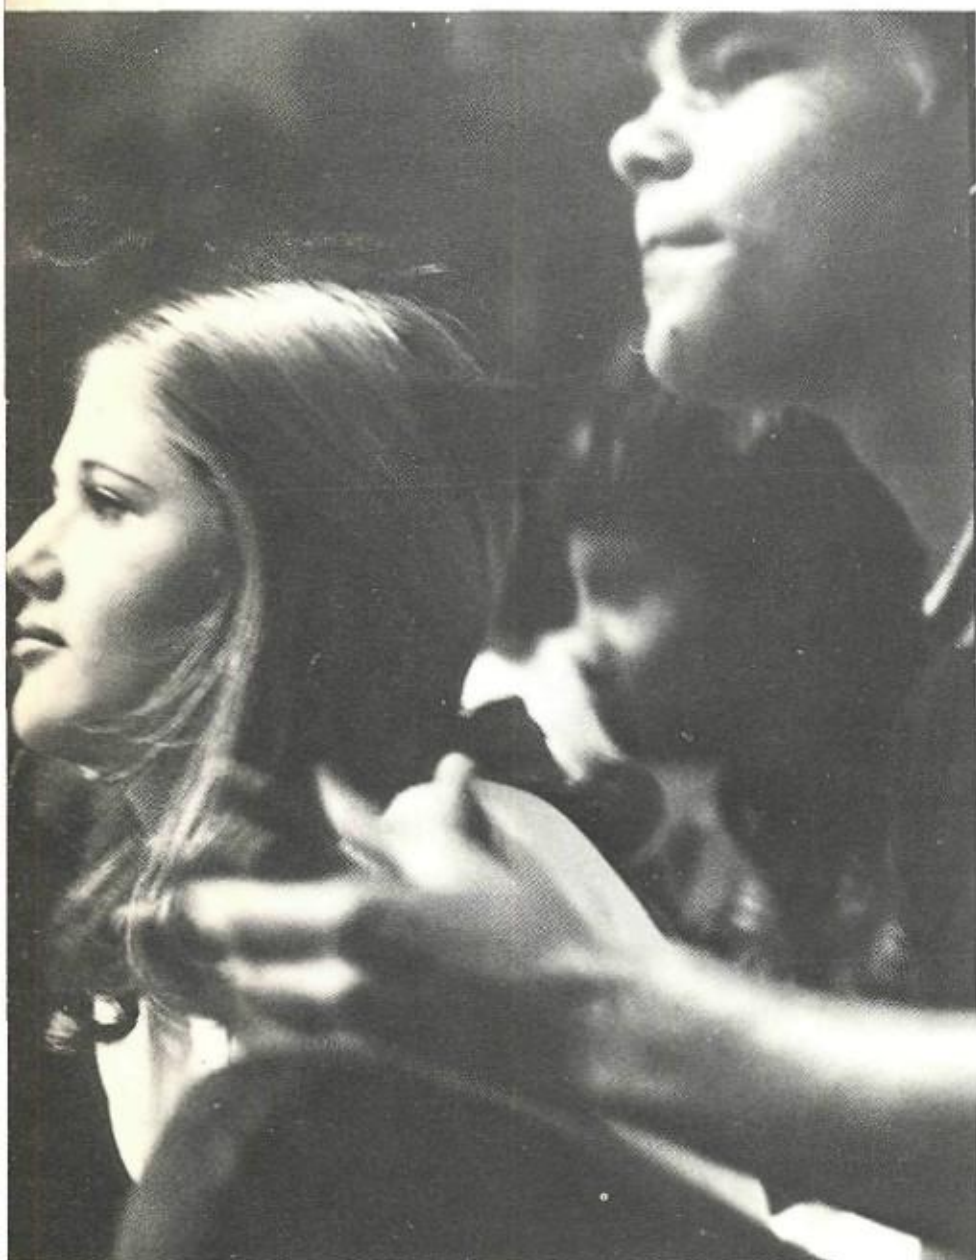

Frosh Need Helping Hand

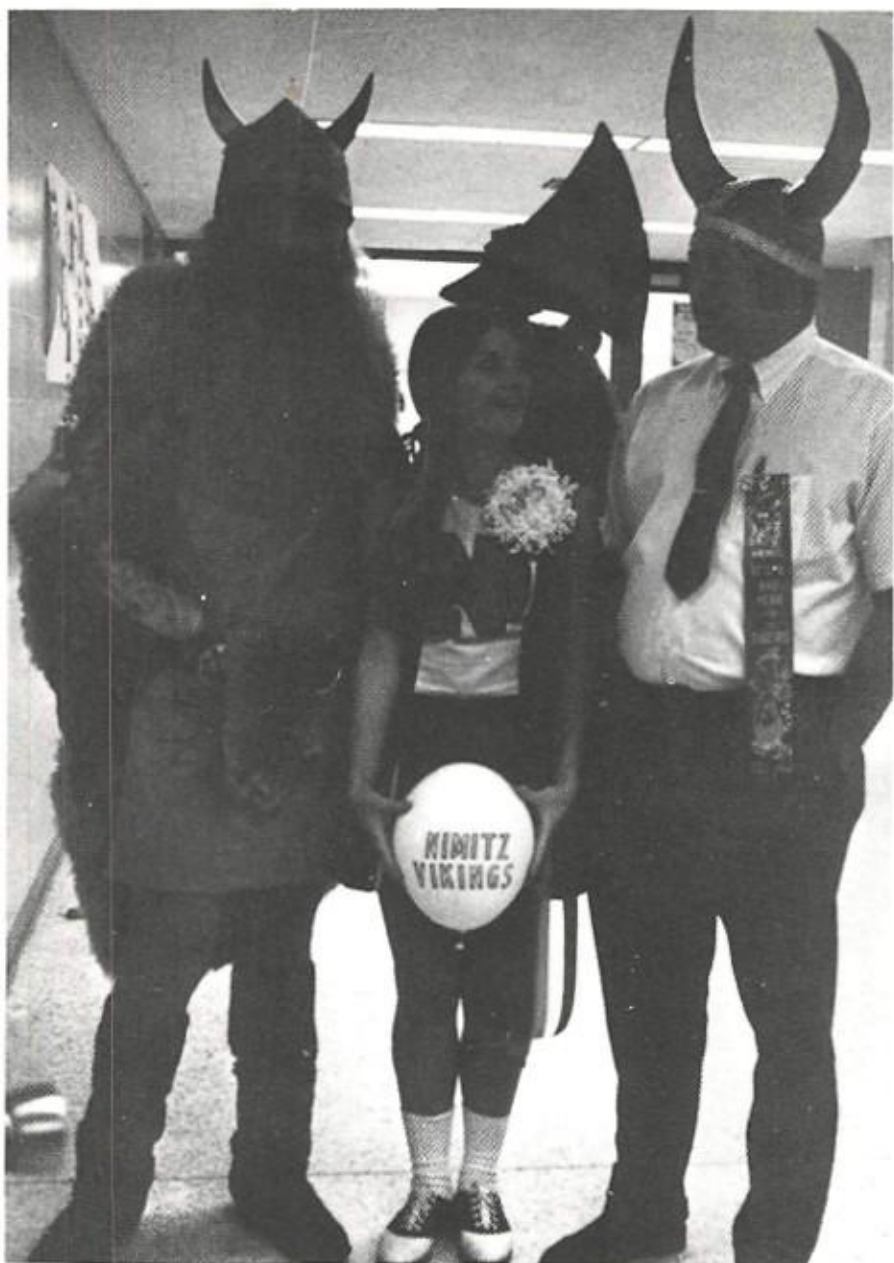

The freshmen are an integral part of a high school. They are the ones that have to deal with the classmen above them. The first day of school many freshmen, especially those who missed orientation, have trouble in trying to find where to go. The new students going into high school are like fish out of water. They do not comprehend what to expect or how to act until someone teaches them. The class excelled in spirit this year. Enthusiasm was illustrated by their performance during the pep rallies. They received the spirit award many times this year.

Sophomores Gain More Experience

Sophomores have at least one year of experience and are more familiar with Senior high procedures. Though the majority of the Sophomores succeed in finding their way around in school some still have problems locating places. Sophs have plenty to look ahead to in their second year. This is the first year that anyone can be active in most of the extracurricular activities, such as varsity athletics and drill teams. The Sophomores are caught in the middle of the school and don't know where to turn, for they are too young for some things yet old enough for others. They should be recognized for their fine performances and spirit they displayed throughout the year.

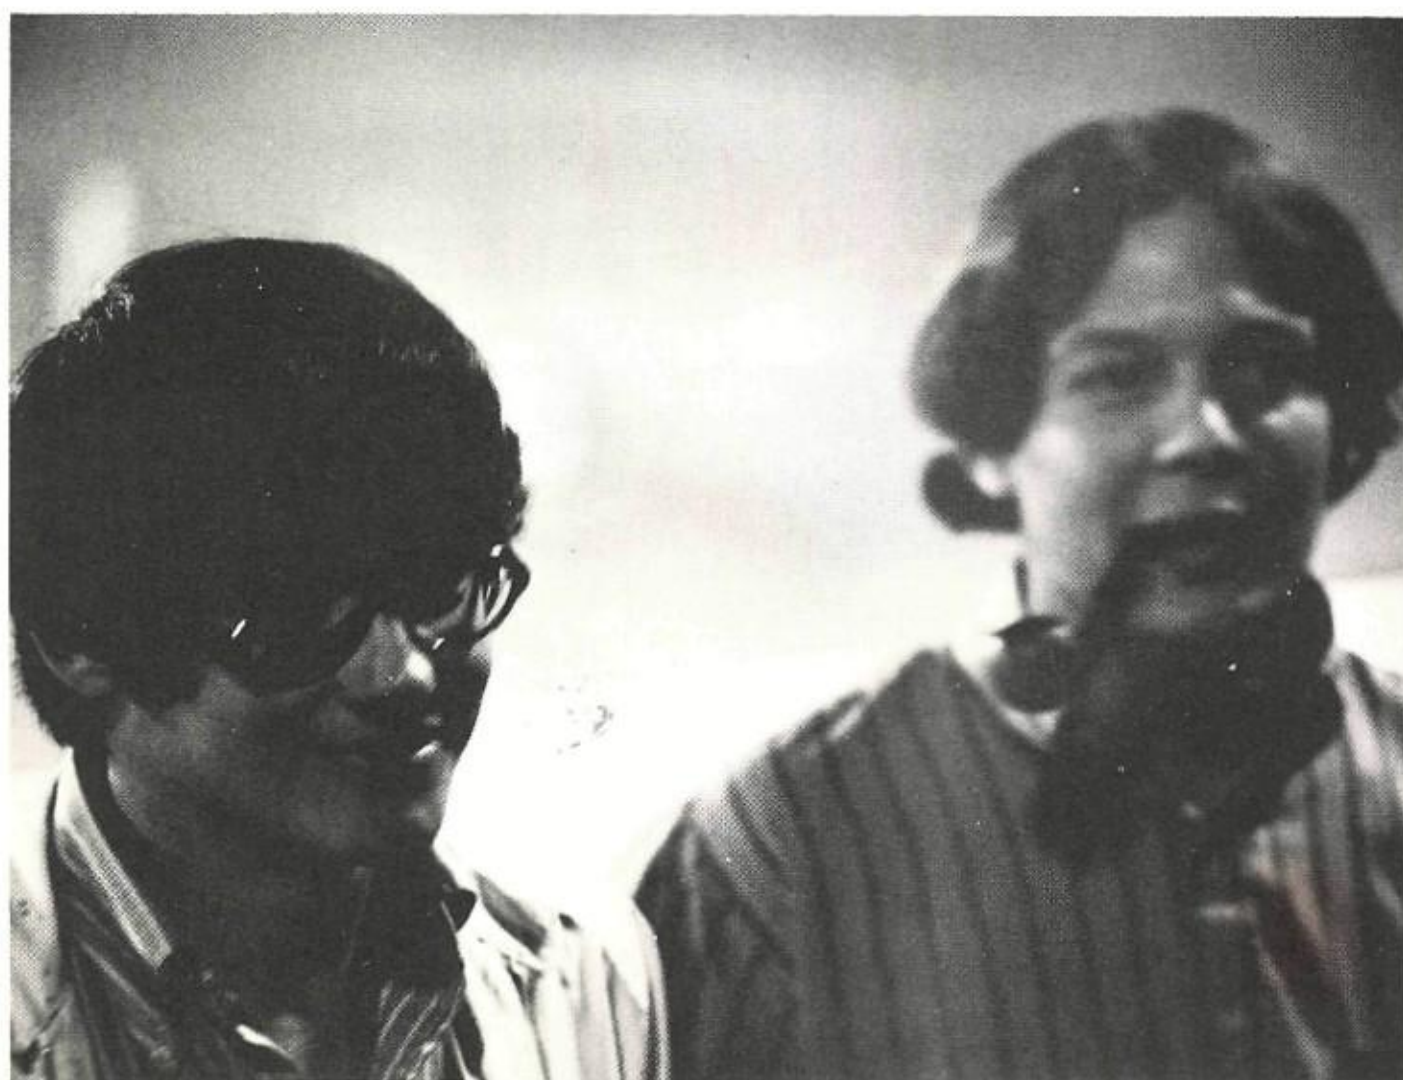

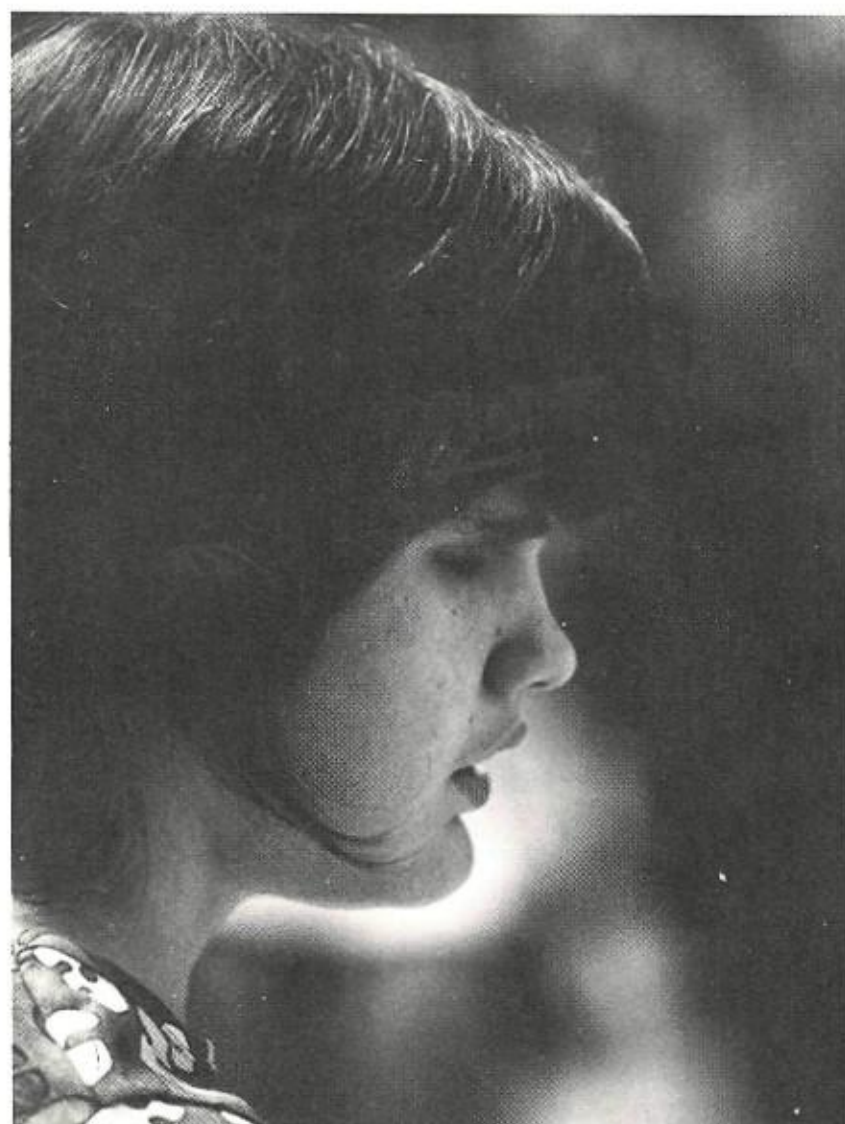

One Year to Go for Juniors

Juniors are probably the most excited of the classes because senior rings are ordered. They know, after this year is over, the Junior class will reign. The thrills of tomorrow await them. They must have pride, a will to succeed, and strength. They are the ones that must carry on the tradition and leadership set by the senior class before them. The third year of high school, prepares them to become leaders of tomorrow.

Seniors Excited About Last Year

Seniors are the main structure of a high school. Leadership and pride displayed by Seniors influences the minds of the underclassmen. To prepare for the future, seniors had to fit work, studies, and serious consideration into their already filling schedule. Seniors consideration must not only encompass the student body but the community as well. Even though the Senior year is full of proms, plays, and parties, it is still a time to be considering what plans to set for the future. A year such as this should be used in preparing for college and jobs. What a Senior does this year, could be the basis of what is accomplished in a lifetime.

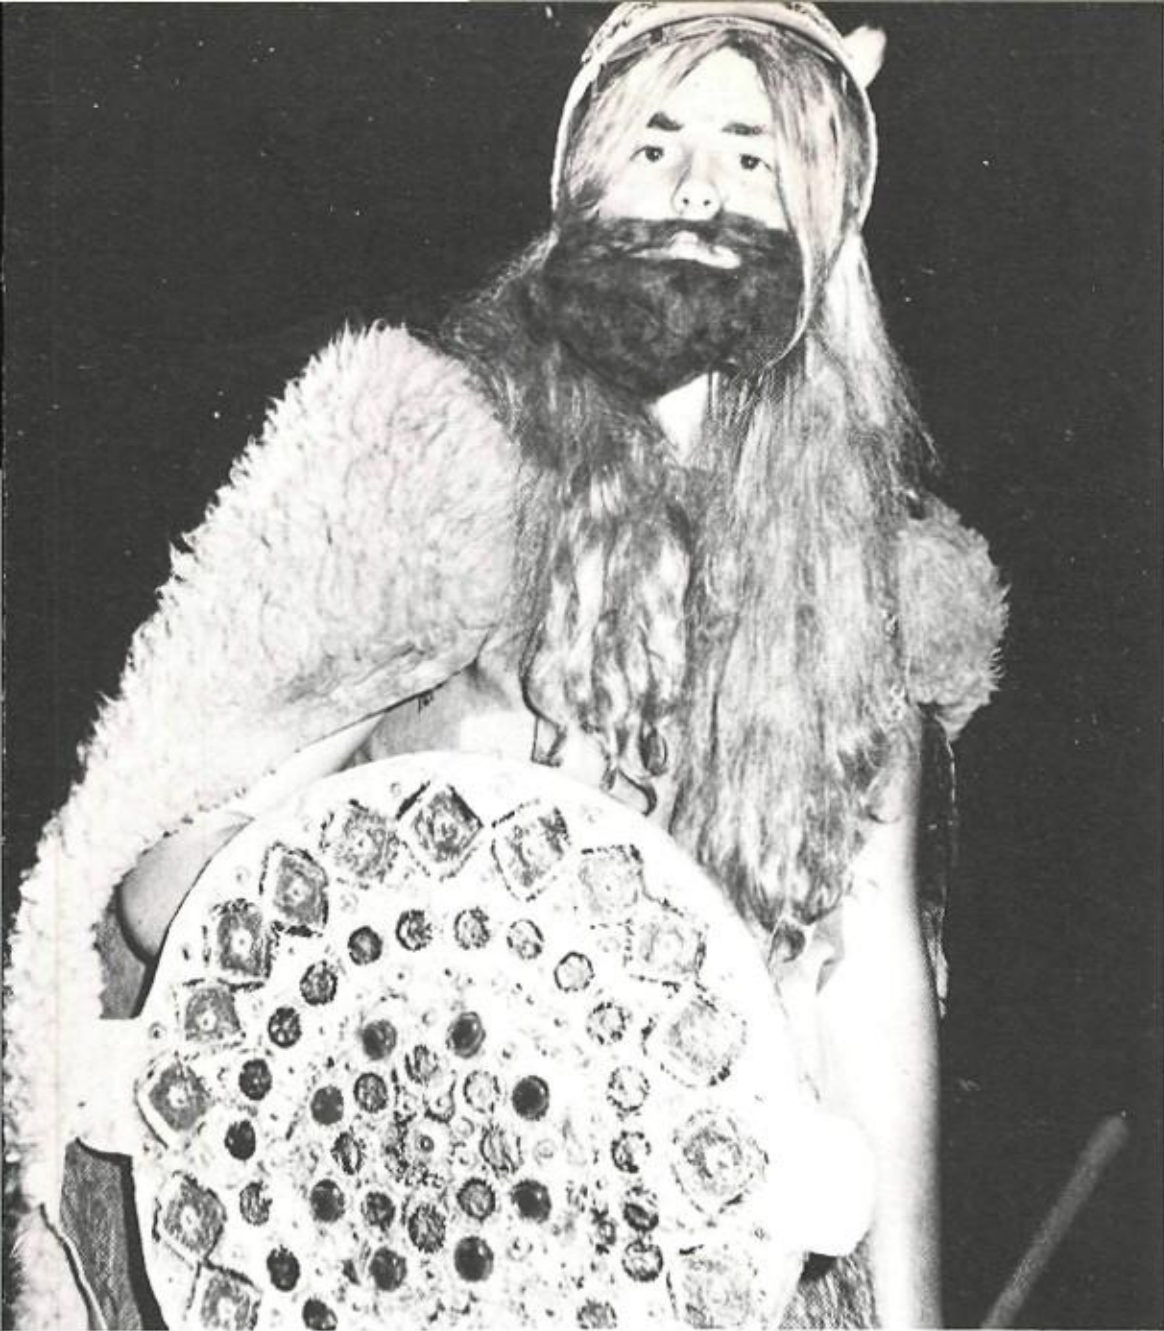

But Some Are Very Solemn

United We Stand Divided We Fall

Though a school is divided in its respective grade levels, to finish a school, they must join together in a unified manner. People all sizes, shapes and tints have united making our school one of the greatest. The students are proud of their spirit and enthusiasm at school events.

Contribution Is Important

Big Vik symbolizes that everyone is a somebody and can contribute to the school. Whether performing in a club or supporting their team, all can contribute something. Behavior of the many students here at Nimitz denotes Nimitz as "Number One." The Nimitz High students are proud they are Vikings.

Student Council Sponsors School Activities

A new level was added to the Student Council government this year. It is known as the Executive Council and consists of four representatives from each class. Along with the seven officers and the homeroom representatives, it again proved to be a successful organization. Mrs. Ruby Chance is the sponsor.

This year the Student Council has sponsored several activities. Among these were the festivities of Fall Valhalla and the Beauty Pageant.

Like Life Itself — Is a Stern Taskmaster''

The school year of 1971-72 marked the beginning of the 3-year NJROTC program which gave ninety-one boys the chance to participate in precision marching, drill exercises, and rifle drills. Many field trips, including a springtime boot training session and a two week cruise on a ship in the summer, were attended.

Having been in the NJROTC program enables a boy to enter the Naval Academy or college more easily. The subjects they study will also help them in life, even if they are not considering a Naval career.

Future Homemakers of America

The Future Homemakers of America is an organization in which homemaking students can grow through activities involving school, community, home, and family life. The total homemaking program helps to develop student involvement and leadership qualities.

FHA had many worthwhile projects this year. They make finger puppets for the Irving Community Hospital. The members also baked cookies for the USO at Love Field and they made Christmas presents for many of the servicemen overseas. A highlight of the year was the Mother and Daughter Banquet in the spring.

Der Deutsche Freundschaft Verein

This first year of existence for the German Club was filled with activities. They had a Halloween party along with the French and Spanish clubs. The club also had a successful bake sale and with the proceeds they had dinner in Dallas at the "Jagerstub."

Membership in the German Club is open to all German students. Learning more about the customs of Germany and obtaining a greater knowledge of the language are the foremost goals of the club. The sponsor of the club is Mrs. Beverly Cox.

MAΘ Mu Alpha Theta —

The main purpose of the Mu Alpha Theta club is to promote more student interest in the many different phases of mathematics. Recognizing superior math students and performing service projects are other purposes of the club.

In order to achieve membership in Mu Alpha Theta, a student has to be participating in his third year of college preparatory math. The student has to maintain an overall academic average of a B including a B average in math. To become a member a student also has to have received recommendation from his teachers.

The sponsors of the club are Mrs. Molly Brown, Mrs. Cesa Wortham, and Mrs. Connie Crosby.

The 1971-72 Valhalla Staff Creates

In order to provide the students of NHS with a full year's record of golden memories, the Valhalla Staff combined their efforts so that they could present the fourth volume of the '72 VALHALLA.

The staff came up with new ideas, hoping to make this year's VALHALLA the best one yet. They wanted this VALHALLA to be special because this was the first year for NHS to have seniors. For the past 4 years, Dick Watson has been staff advisor and he had a major part in making this yearbook a success.

The '72 Vikas, which consisted of 49 girls, 9 of which are officers, contributed in arousing the spirit of students during pep rallies and games. They worked very hard after school practicing routines in order to perform to their best abilities.

The Senior Vikas performed their final routine at the last pep rally for the students.

This was the second year for the Vikas, and they showed a great deal of improvement. Never did they lose their pride for themselves nor for their school. Their instructor was Sherry Brock.

Nimitz and Lamar Viking Cheerleaders Show Good Relations

Denise McBride and Donna Faulkner enact a skit at a pep rally.

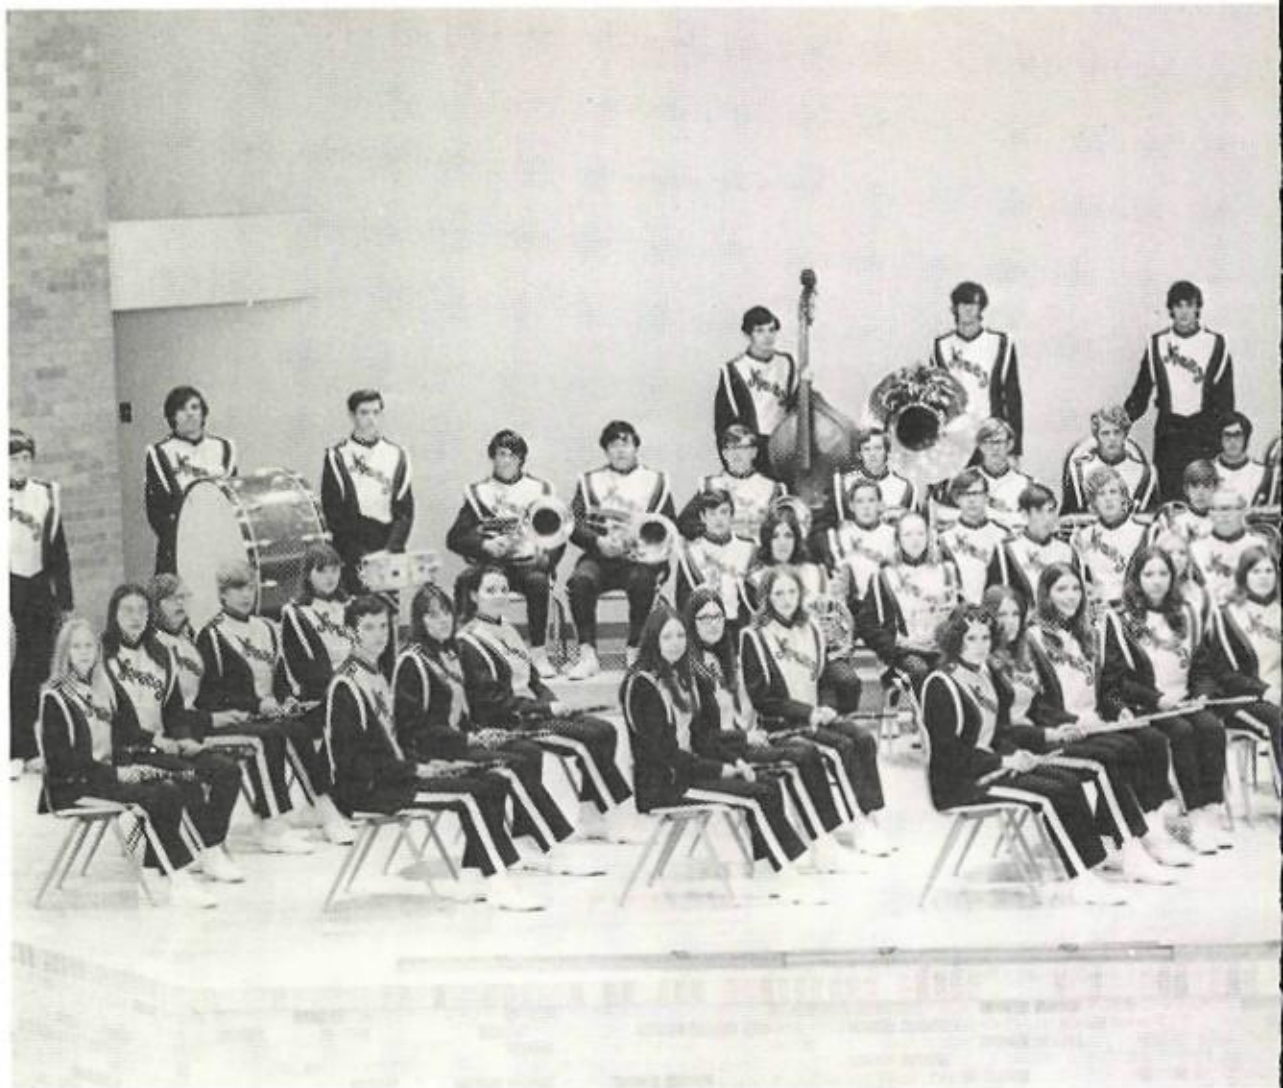

The cheerleaders were striving to unite the entire Nimitz student body with a mixture of spirit, loyalty and pride for their school. The hours of hard work the cheerleaders spent practicing cheers, decorating goalposts, and planning pep rallies were well rewarded when the spirited six heard the enthusiastic display of Viking spirit from the student body at the games. The cheerleaders were aided greatly in their efforts by their sponsor, Mrs. Carla Sanborn.

Viking "A" Band

The Nimitz High School Band was a great source of pride this year for our school. Their spectacular performances at the football games and pep rallies were enjoyed greatly by the students and other Viking supporters. The Christmas, Mid-winter, and Spring concerts were also made successful by the superb talent of the Viking Band.

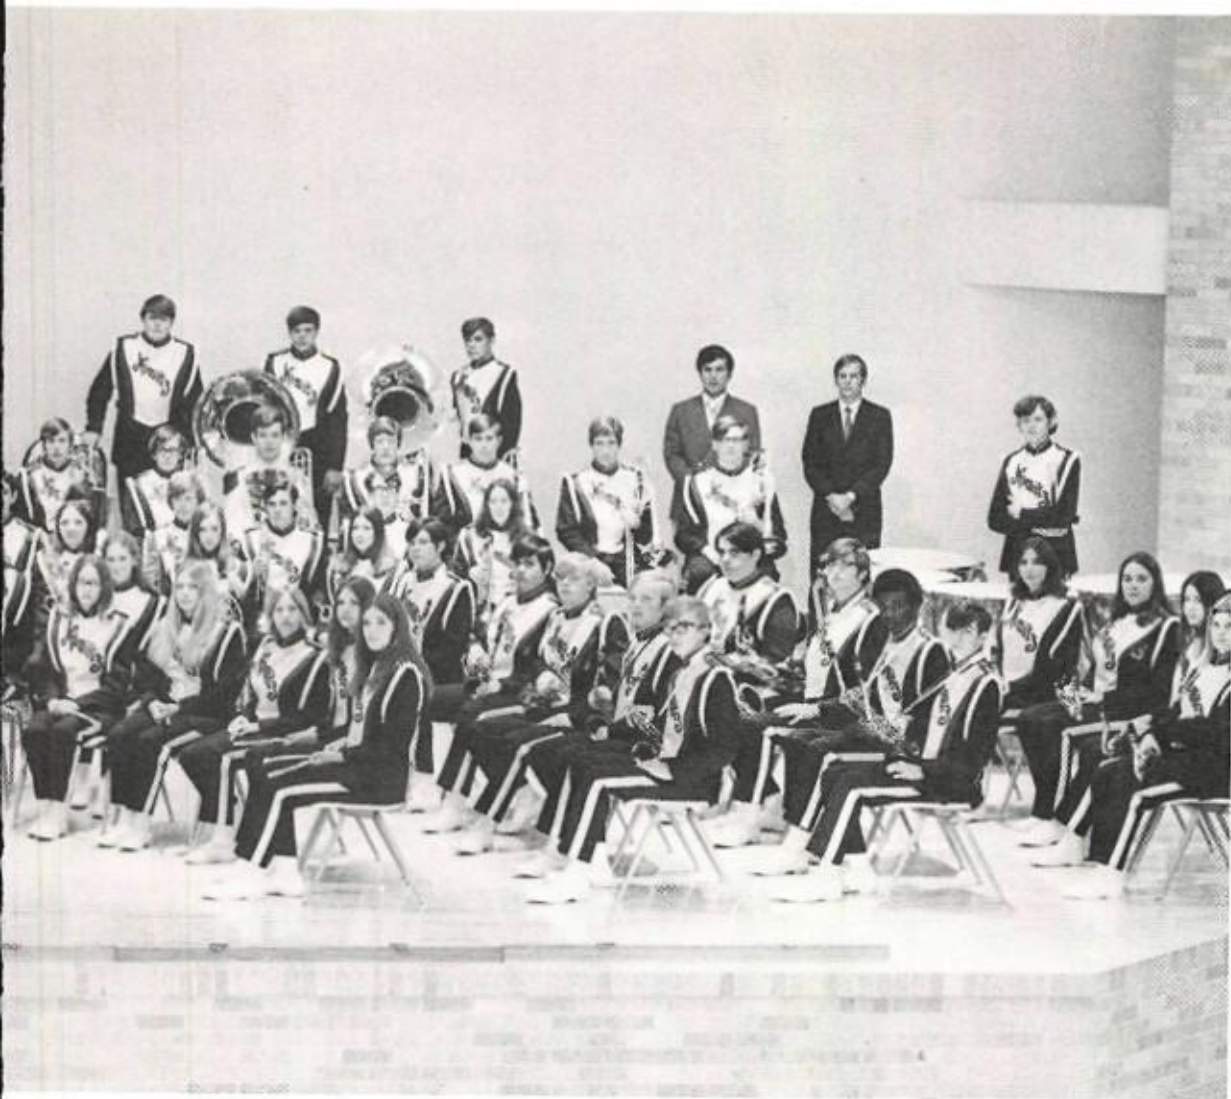

Impressive first division ratings at both the Bell Marching Festival and at the University Interscholastic League Contest were received by the NHS band. Plans to participate in the UIL Contest for sight-reading, the Castleberry Band Festival in Corpus Christi were also on the agenda for the band this year.

The Nimitz "B" Band was an added attraction at the Varsity football games this year. The "B" Band performed at the Christmas Concert and they have hopes of displaying their talents in future competition.

Viking "B" Band

The NHS Chorale was a successful organization again this year. They produced "Oklahoma!", the hit musical on Broadway, which was also a hit at Nimitz. The Talent show at NHS was also sponsored by the Chorale. The money from this show and from the musical was used in helping to finance the trip to Europe. The Chorale has established quite a reputation resulting from their excellent performances for the school and civic groups.

To be accepted as a National Honor Society member, a student needs teacher recommendation, outstanding scholastic ability, and good leadership qualities. Promoting Character, Leadership, Service, and Scholarship are the duties of each member.

One of the NHS projects this year was to write to all of the colleges in Texas and obtain catalogues from each of them. These have been used to set up a library of information for the college-bound.

Journalism Staff Puts Out "Rune Stone"

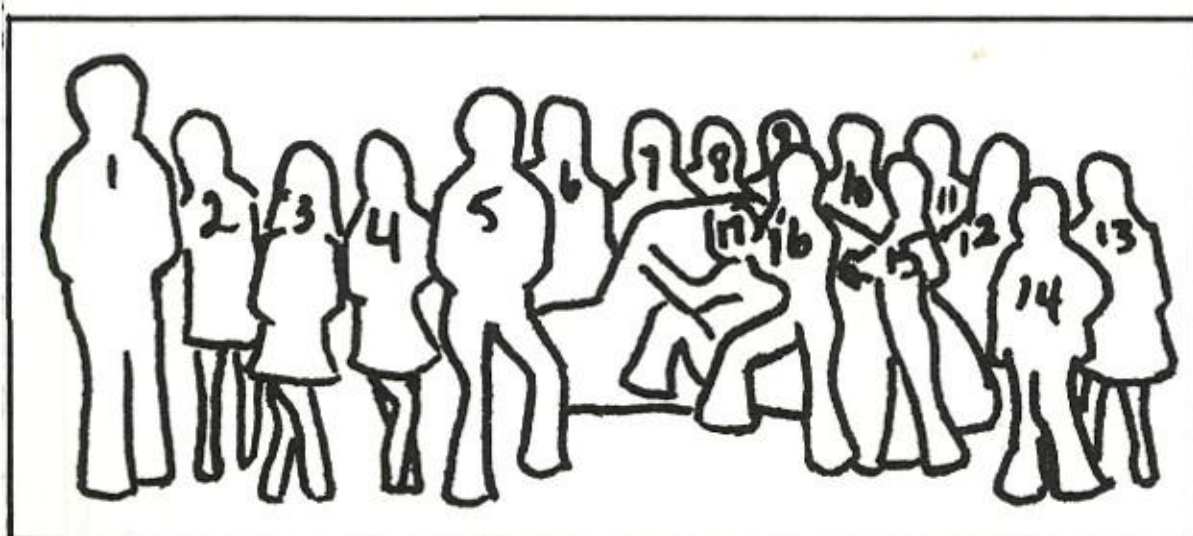

The first journalism class at NHS this year produced the RUNE STONE, the school newspaper. The inspiration for the name of the paper was provided by the Vikings from Norseland. They left stones filled with Runic writings telling of their adventures. These historical writings were called "rune stones!"

The RUNE STONE was put out monthly and on holidays. It was full of school news, features, editorials, future events, sports, and informative articles.

Putting the "Rune Stone" together are Marilyn Roan and Holli Rollins.

Varangians Promote Spirit

The Varangians, the Nimitz spirit association, play an important part in keeping the Viking spirit high. They support all phases of athletic competition at NHS. This year, the Varangians have contributed greatly by sponsoring the Spirit Shield, by making signs, and by coming to the games to cheer the Vikings on. They plan to extend their membership in the coming years and perpetuate the great Viking spirit.

Captain of Our Ship,
Admiral Tom
Chandler

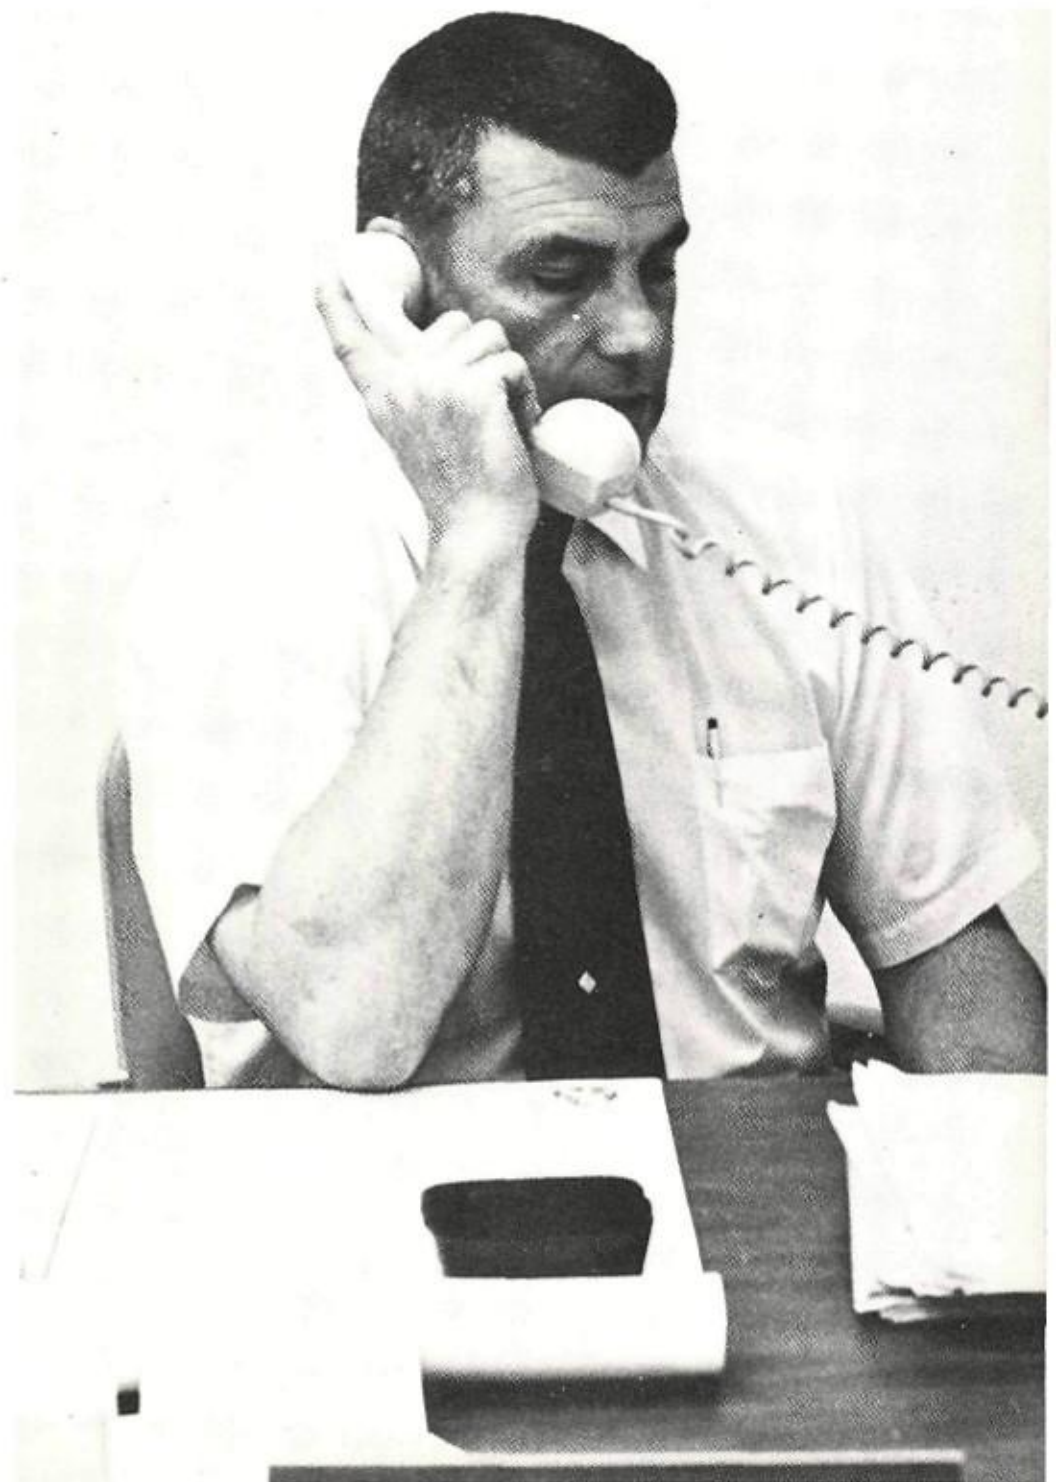

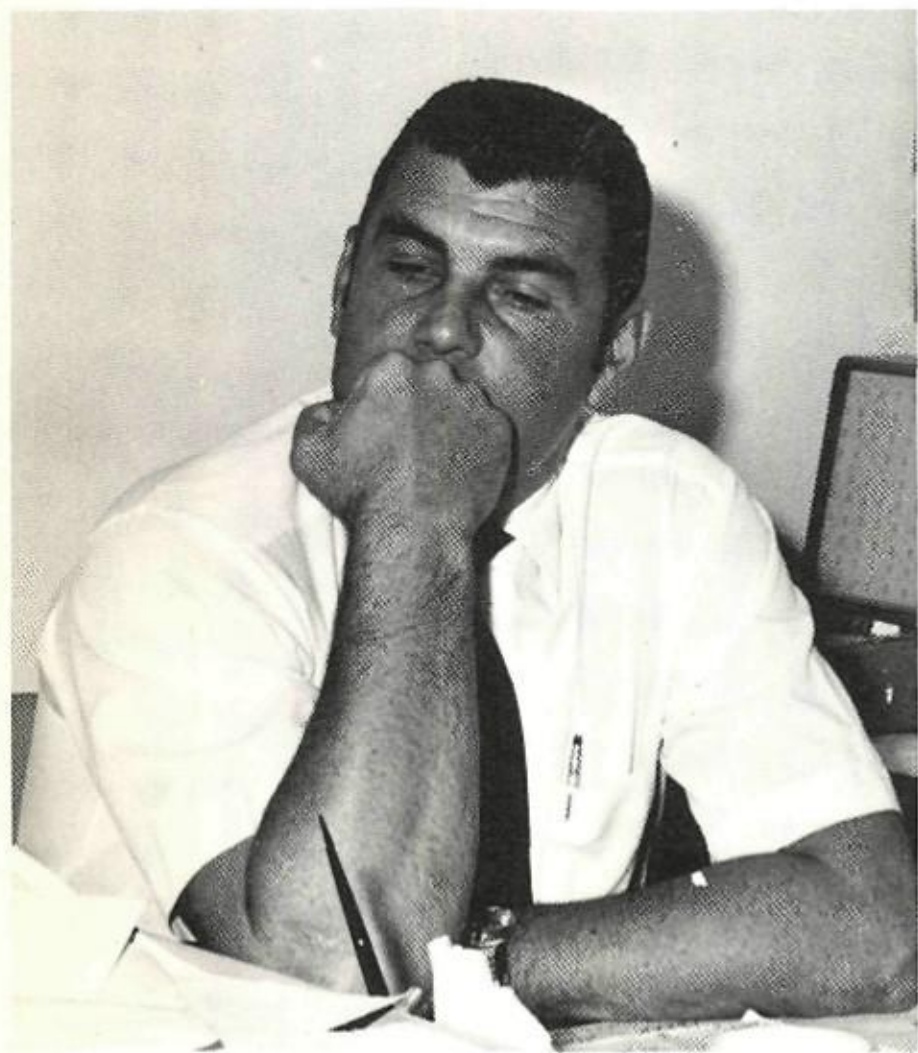

Principal Honored in Dedication Ceremonies

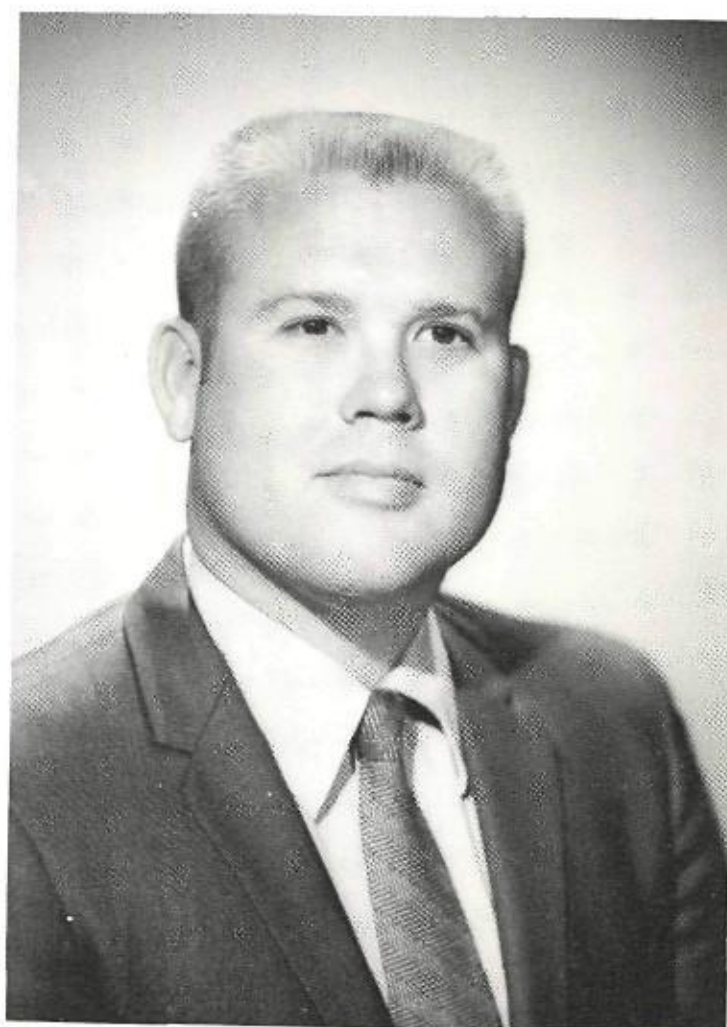

After many years of being a coach, vice-principal, and principal, Mr. Chandler has earned the respect of many people. Being named an Admiral of the Texas Navy during dedication ceremonies this year has proven it. With his desire to help understand young people, he has found a place in all of the Viking's hearts. Mr. Chandler, being with some of us six yrs., knows pretty well what to expect from us. He always took an active interest in school activities, and defended our school whenever it needed to be. When praising was in order, he was first in speaking up. No one person could love the pupils and faculty of Nimitz more than Mr. Chandler. We, the Valhalla Yearbook Staff, wish to express our deep and sincere appreciation for everything he has done.

Assistant Principal Has Various Jobs

As Ass't. Principal, Mr. Darland is responsible for the disciplinary problems of the upper-classmen that arise during the day. He makes sure that everyone does his job and that the day goes smoothly. He should be recognized for his work.

Mr. Winn Handles Duties of Vice-Principal

Mr. Winn manipulates the activities of the under-classmen. He takes care of the younger wrong-doers and advises them on how to get the most out of life in future years. He attempts to help out when possible.

Mr. Everett, Mrs. Sanborn Work Hard To Aid Students

Carla Sanborn

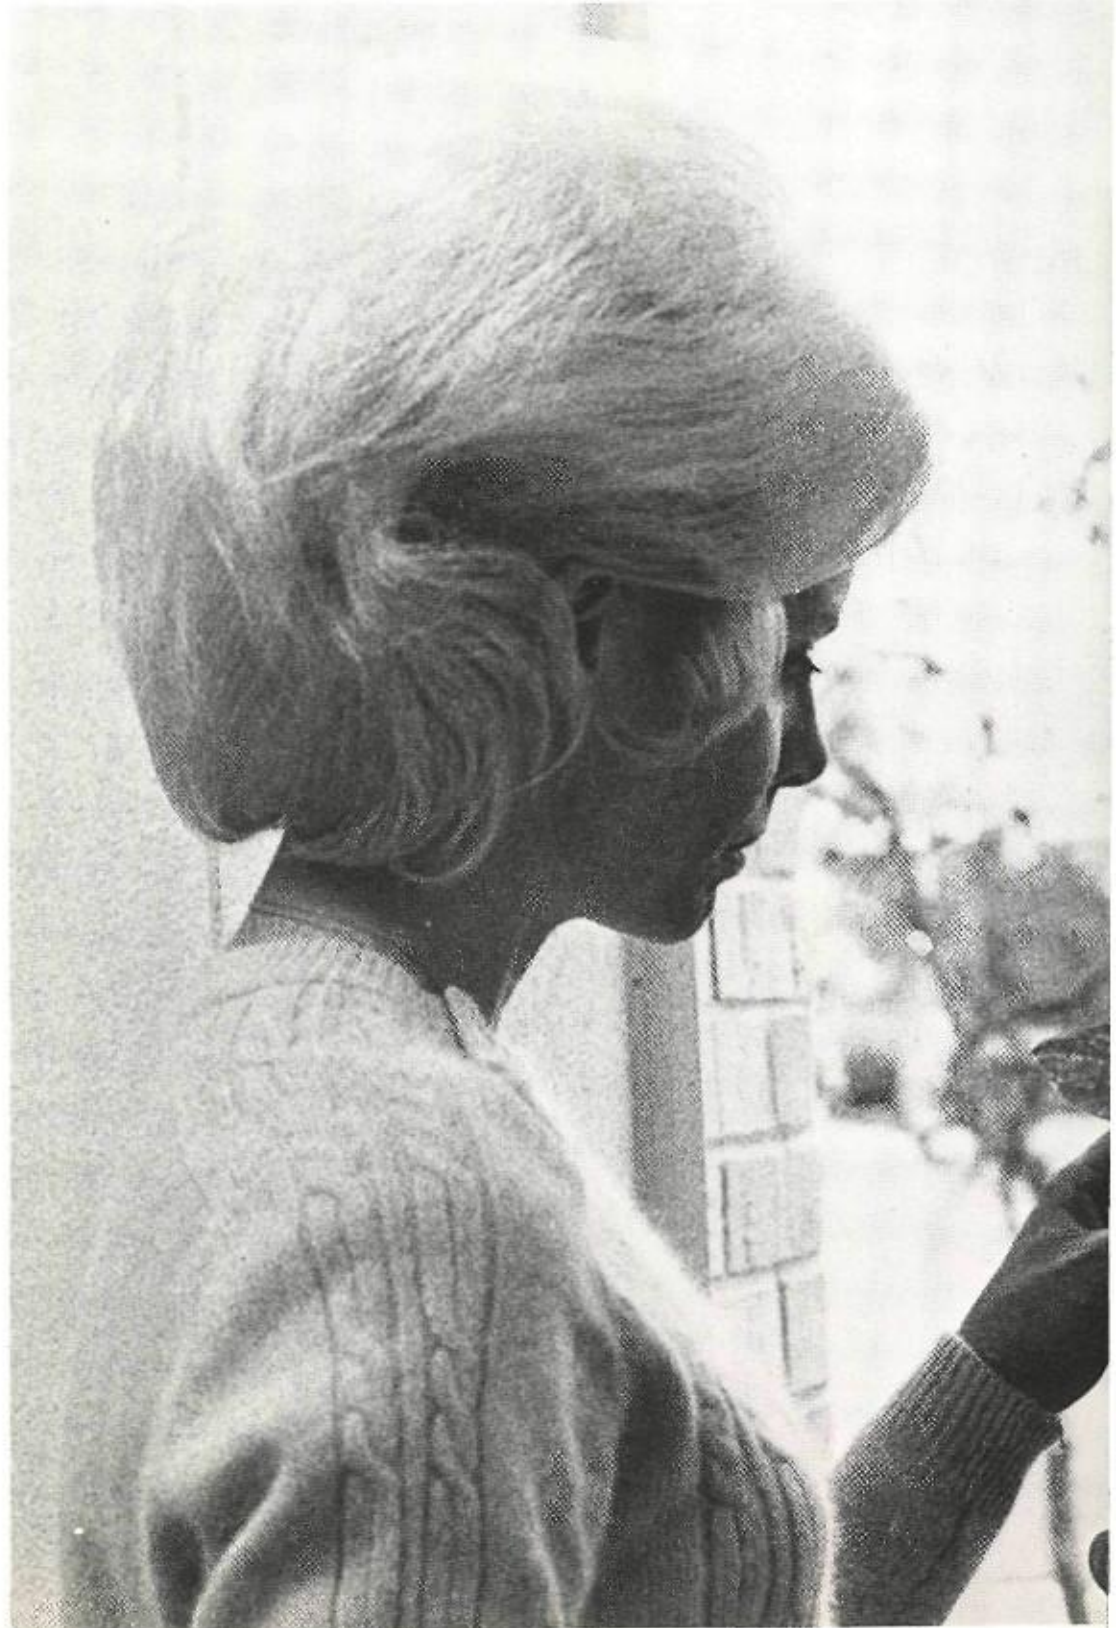

Bill Everett

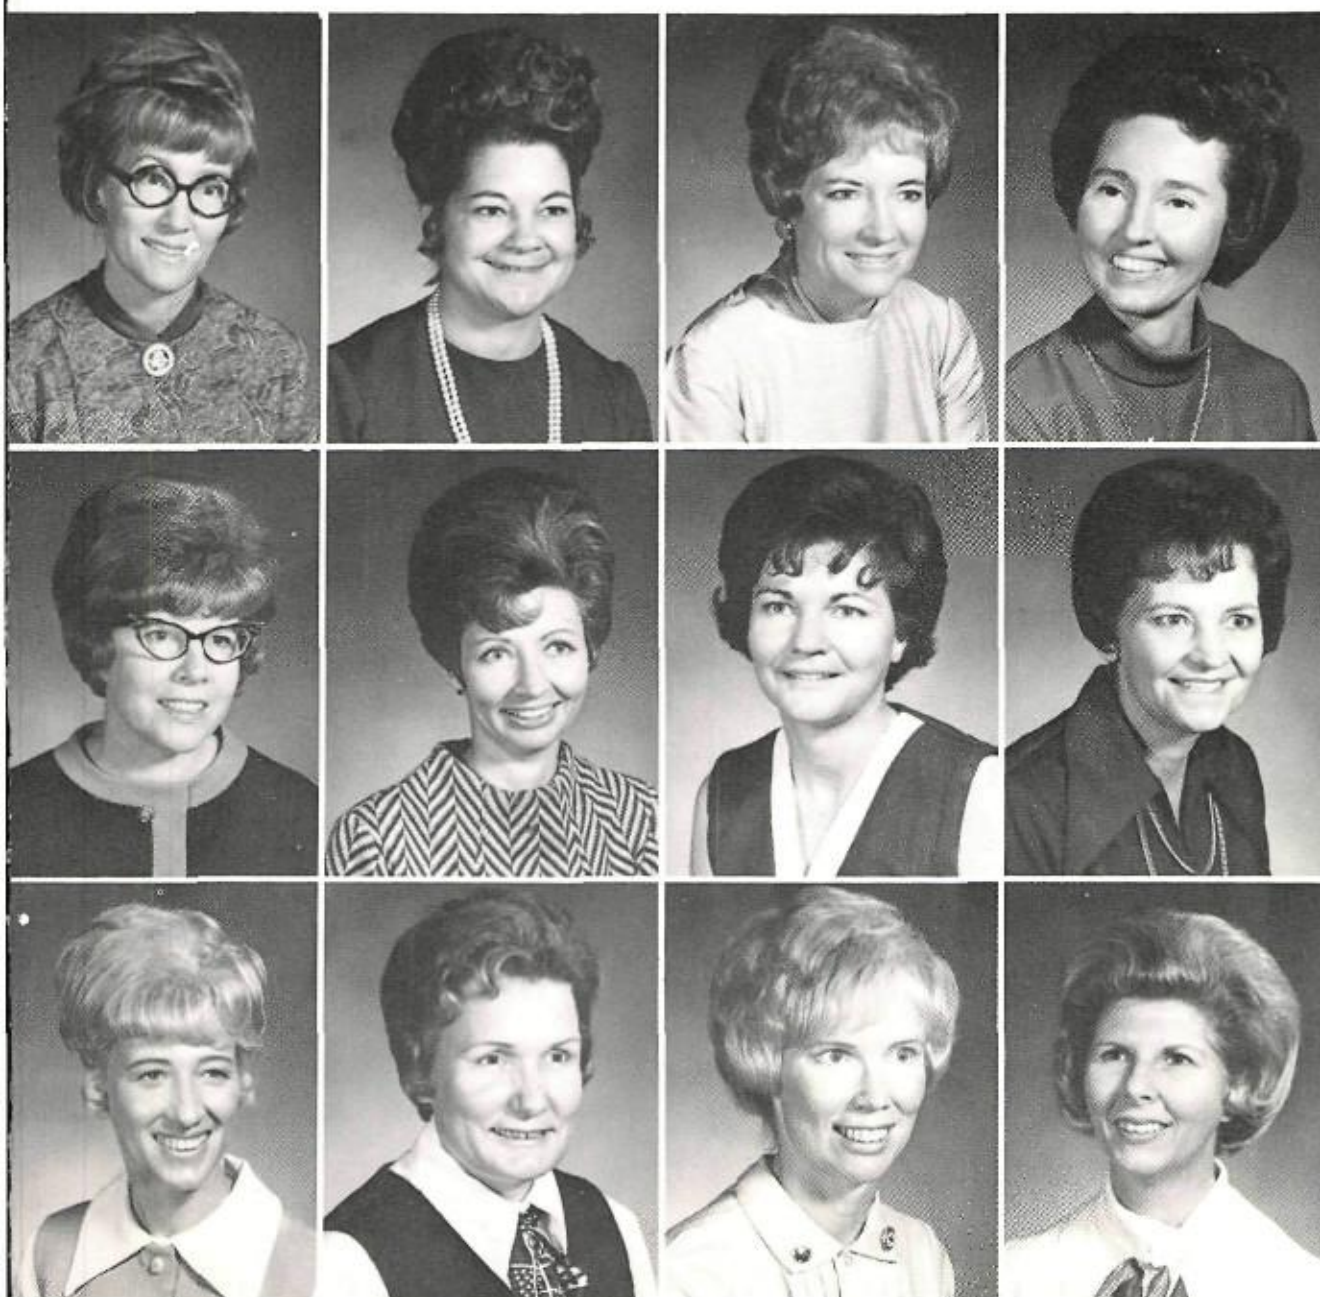

Mr. Everett has the responsibility of handling the younger students of the school. He has a busy schedule, keeping the bookroom and lost and found department, but he still has the energy and pride to get involved in school activities.

As Dean of Women, Mrs. Carla Sanborn supervises the actions and the dress of girls at school. She also sets up the weekly calendar, scheduling pep rallies, assemblies, class meetings and other activities.

Girl Fridays Render Assistance to School

The office staff keeps attendance of each student. They help new students get acquainted with the surroundings and help visitors feel at ease by greeting them with a smile. Mail, attendance rolls, and pertinent material are put in the teachers mailboxes by these ladies. Every day they listen to many different excuses given to them by absent or tardy students.

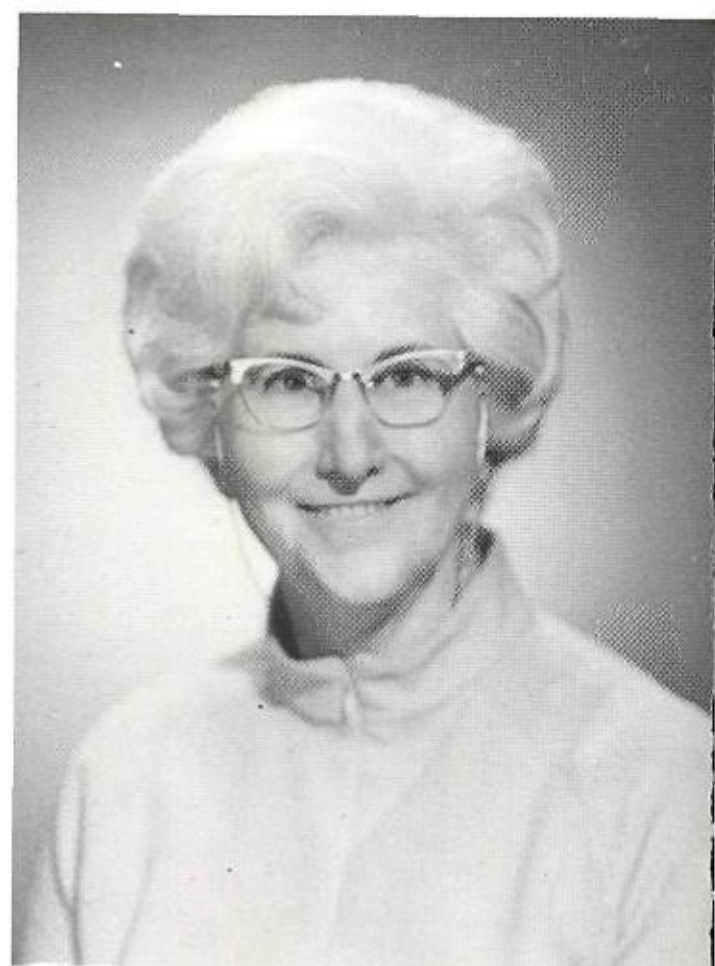

The nurse, Mrs. Pickhard, coordinates her work with the office ladies by determining if a student is sick enough to go home. She gives a feeling of warmth and understanding as ill students enter the warm atmosphere of her office. The information she has obtained was really appreciated by many people.

Teachers are to be congratulated for their magnificent work here at Nimitz High. Their outstanding work and participation in school events has made them "No. 1" in the hearts of their students. Numbering 89 in all, they play a major role in the operations of our school.

Teachers Play Major Role in Daily Routines

Commercial Arts Benefit Students

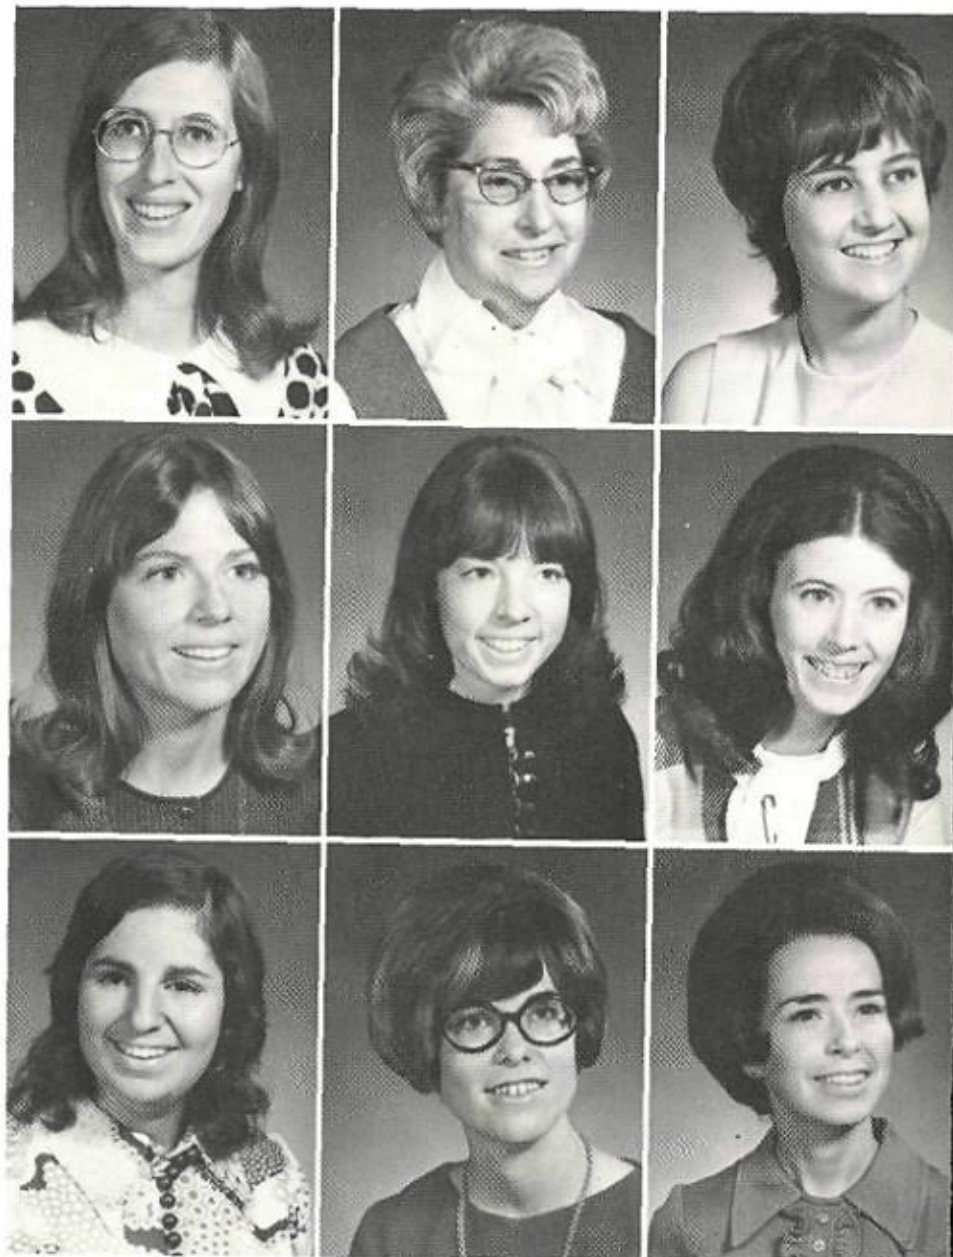

Mrs. Mary Butts (Typing 1, Business Law, Clerical Practice); Mrs. Charlotte Hughes (Typing 1, Gen. Business); Mrs. Eloise Wimbish (Typing 2, Shorthand); Mrs. Frances Young (Typing 1, Bookkeeping).

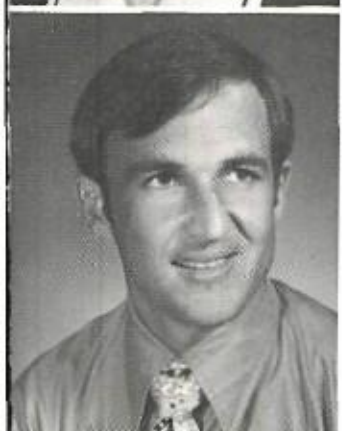

Commercial Arts are beneficial to students in many ways. They have a chance to see and work with secretarial activities and the such. Decisions are often made for future use.

Mrs. Dinah Bleau (English 2 and 3); Mrs. Gladys Hill (English 1 and Bookkeeping); Mrs. Helen Ledgerwood (English 4 and Practical English); Mrs. Dorothy Lindsey (English 2 and Journalism); Mrs. Romilda Morris (English 1); Mrs. Suzanne Muchmore (English 1); Mrs. Ann Phillips (English 2); Mrs. Francine Run (English 4); Miss Barbara Seale (English 1).

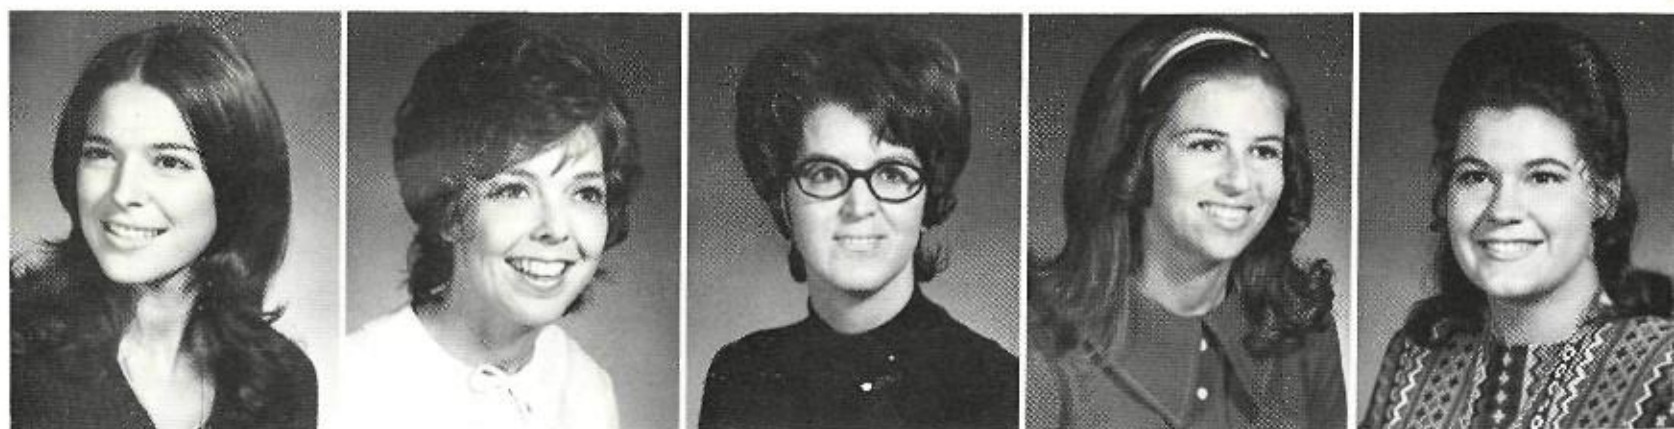

Mrs. Pam Sibley (English 1 and 2); Mrs. Ellen Voelzke (English 3); Mrs. Gail Witt (English 4); Mr. Joe Wood (English 3 and Athletics).

Teachers Explore English

English teachers explore vocabulary, literature, and grammar with their students. As a required subject, it helps round a student's education.

Miss Sherry Brock (Spanish 2 and 3, Drill Team); Mrs. Beverly Cox (German 1, 2, and 3); Mrs. Jimmie Melton (Spanish 1 and 4); Mrs. Marilyn Tennill (Latin 1 and 2, English 3); Mrs. Donna Whiles (French 1, 2, and 3).

Foreign Languages Are Important

Nimitz's foreign language department consists of 5 teachers. Here at Nimitz, 4 years of Spanish, 3 years of German, 3 years of French, and 2 years of Latin are taught. Language courses as the above are important in a student's curriculum.

Home Economics Is Beneficial

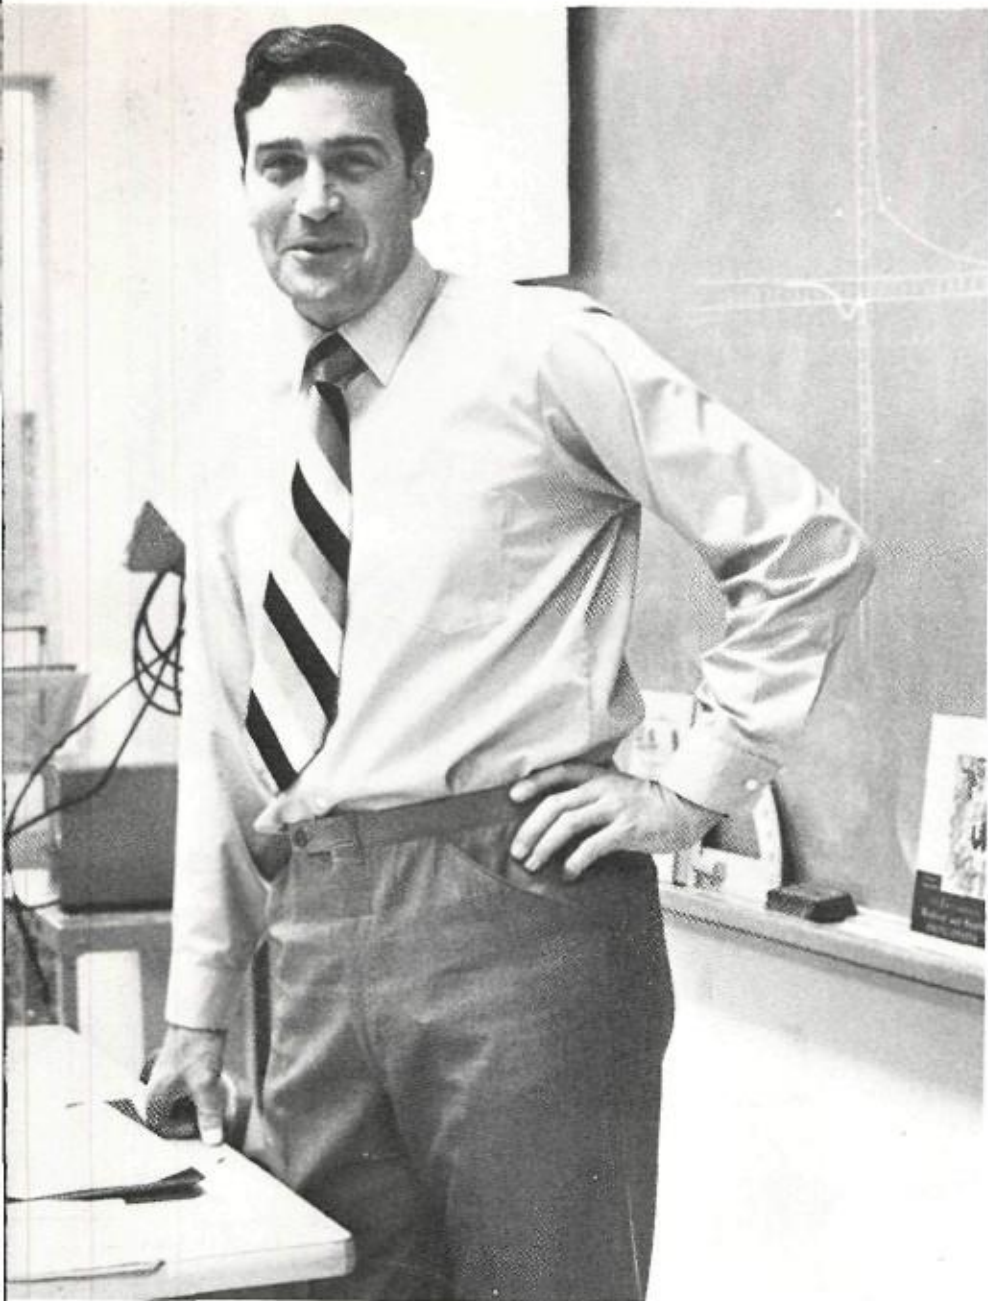

Home Economics prepares girls to be future homemakers. Whether in sewing or cooking, this course is very beneficial.

Memories

Randy Stipes

Pat Smith

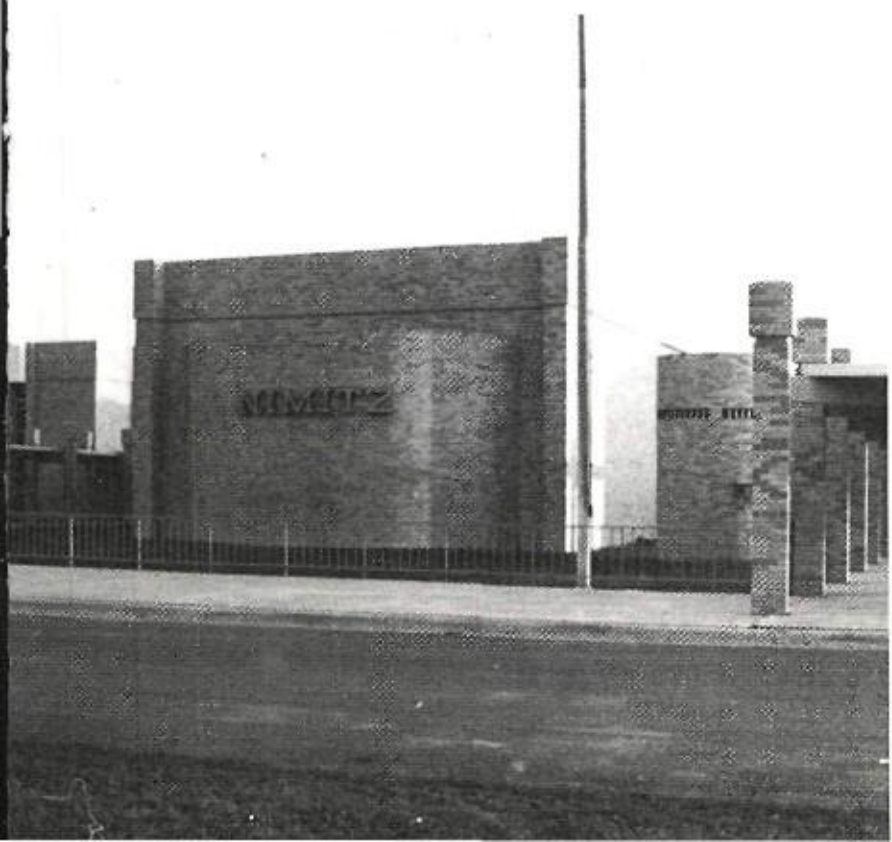

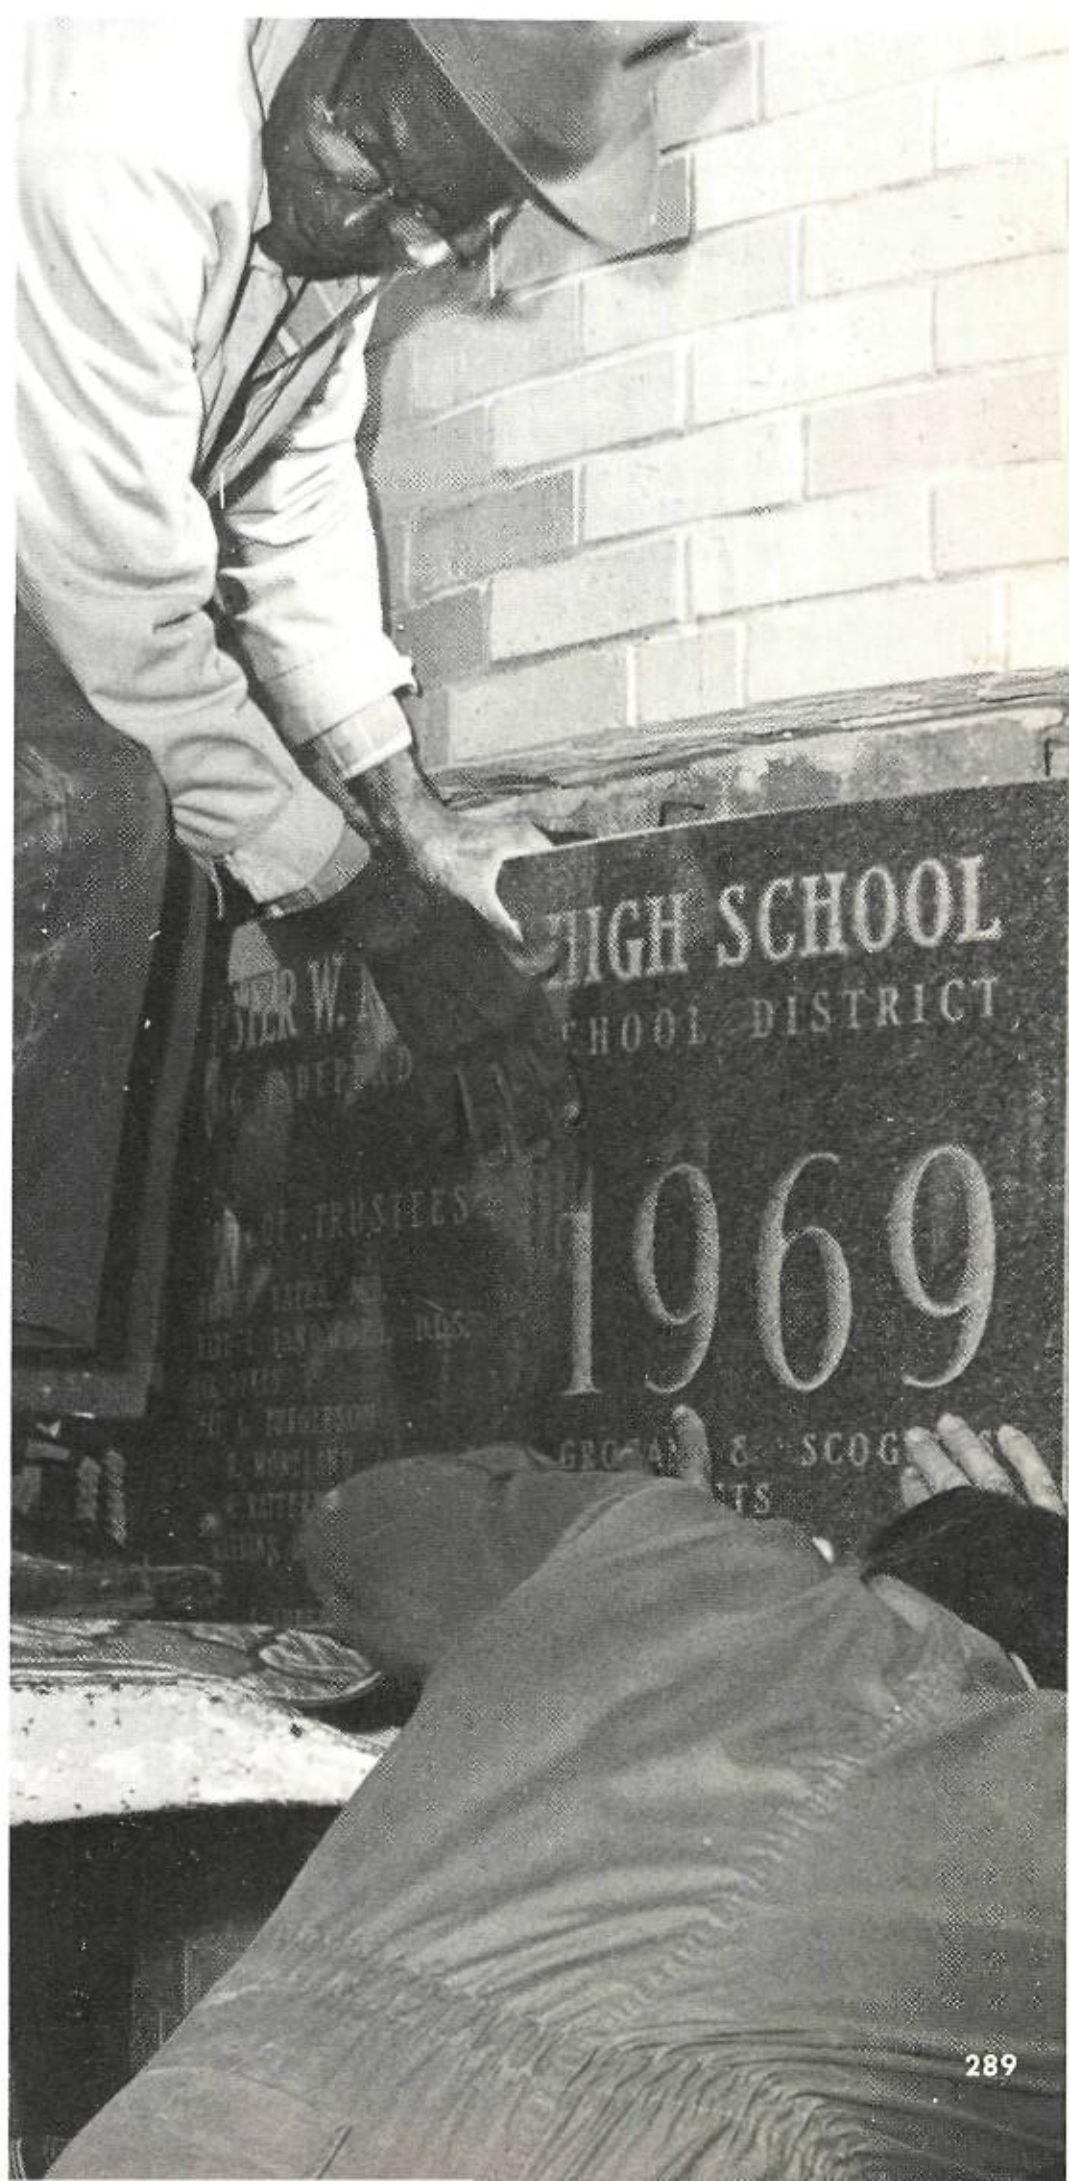

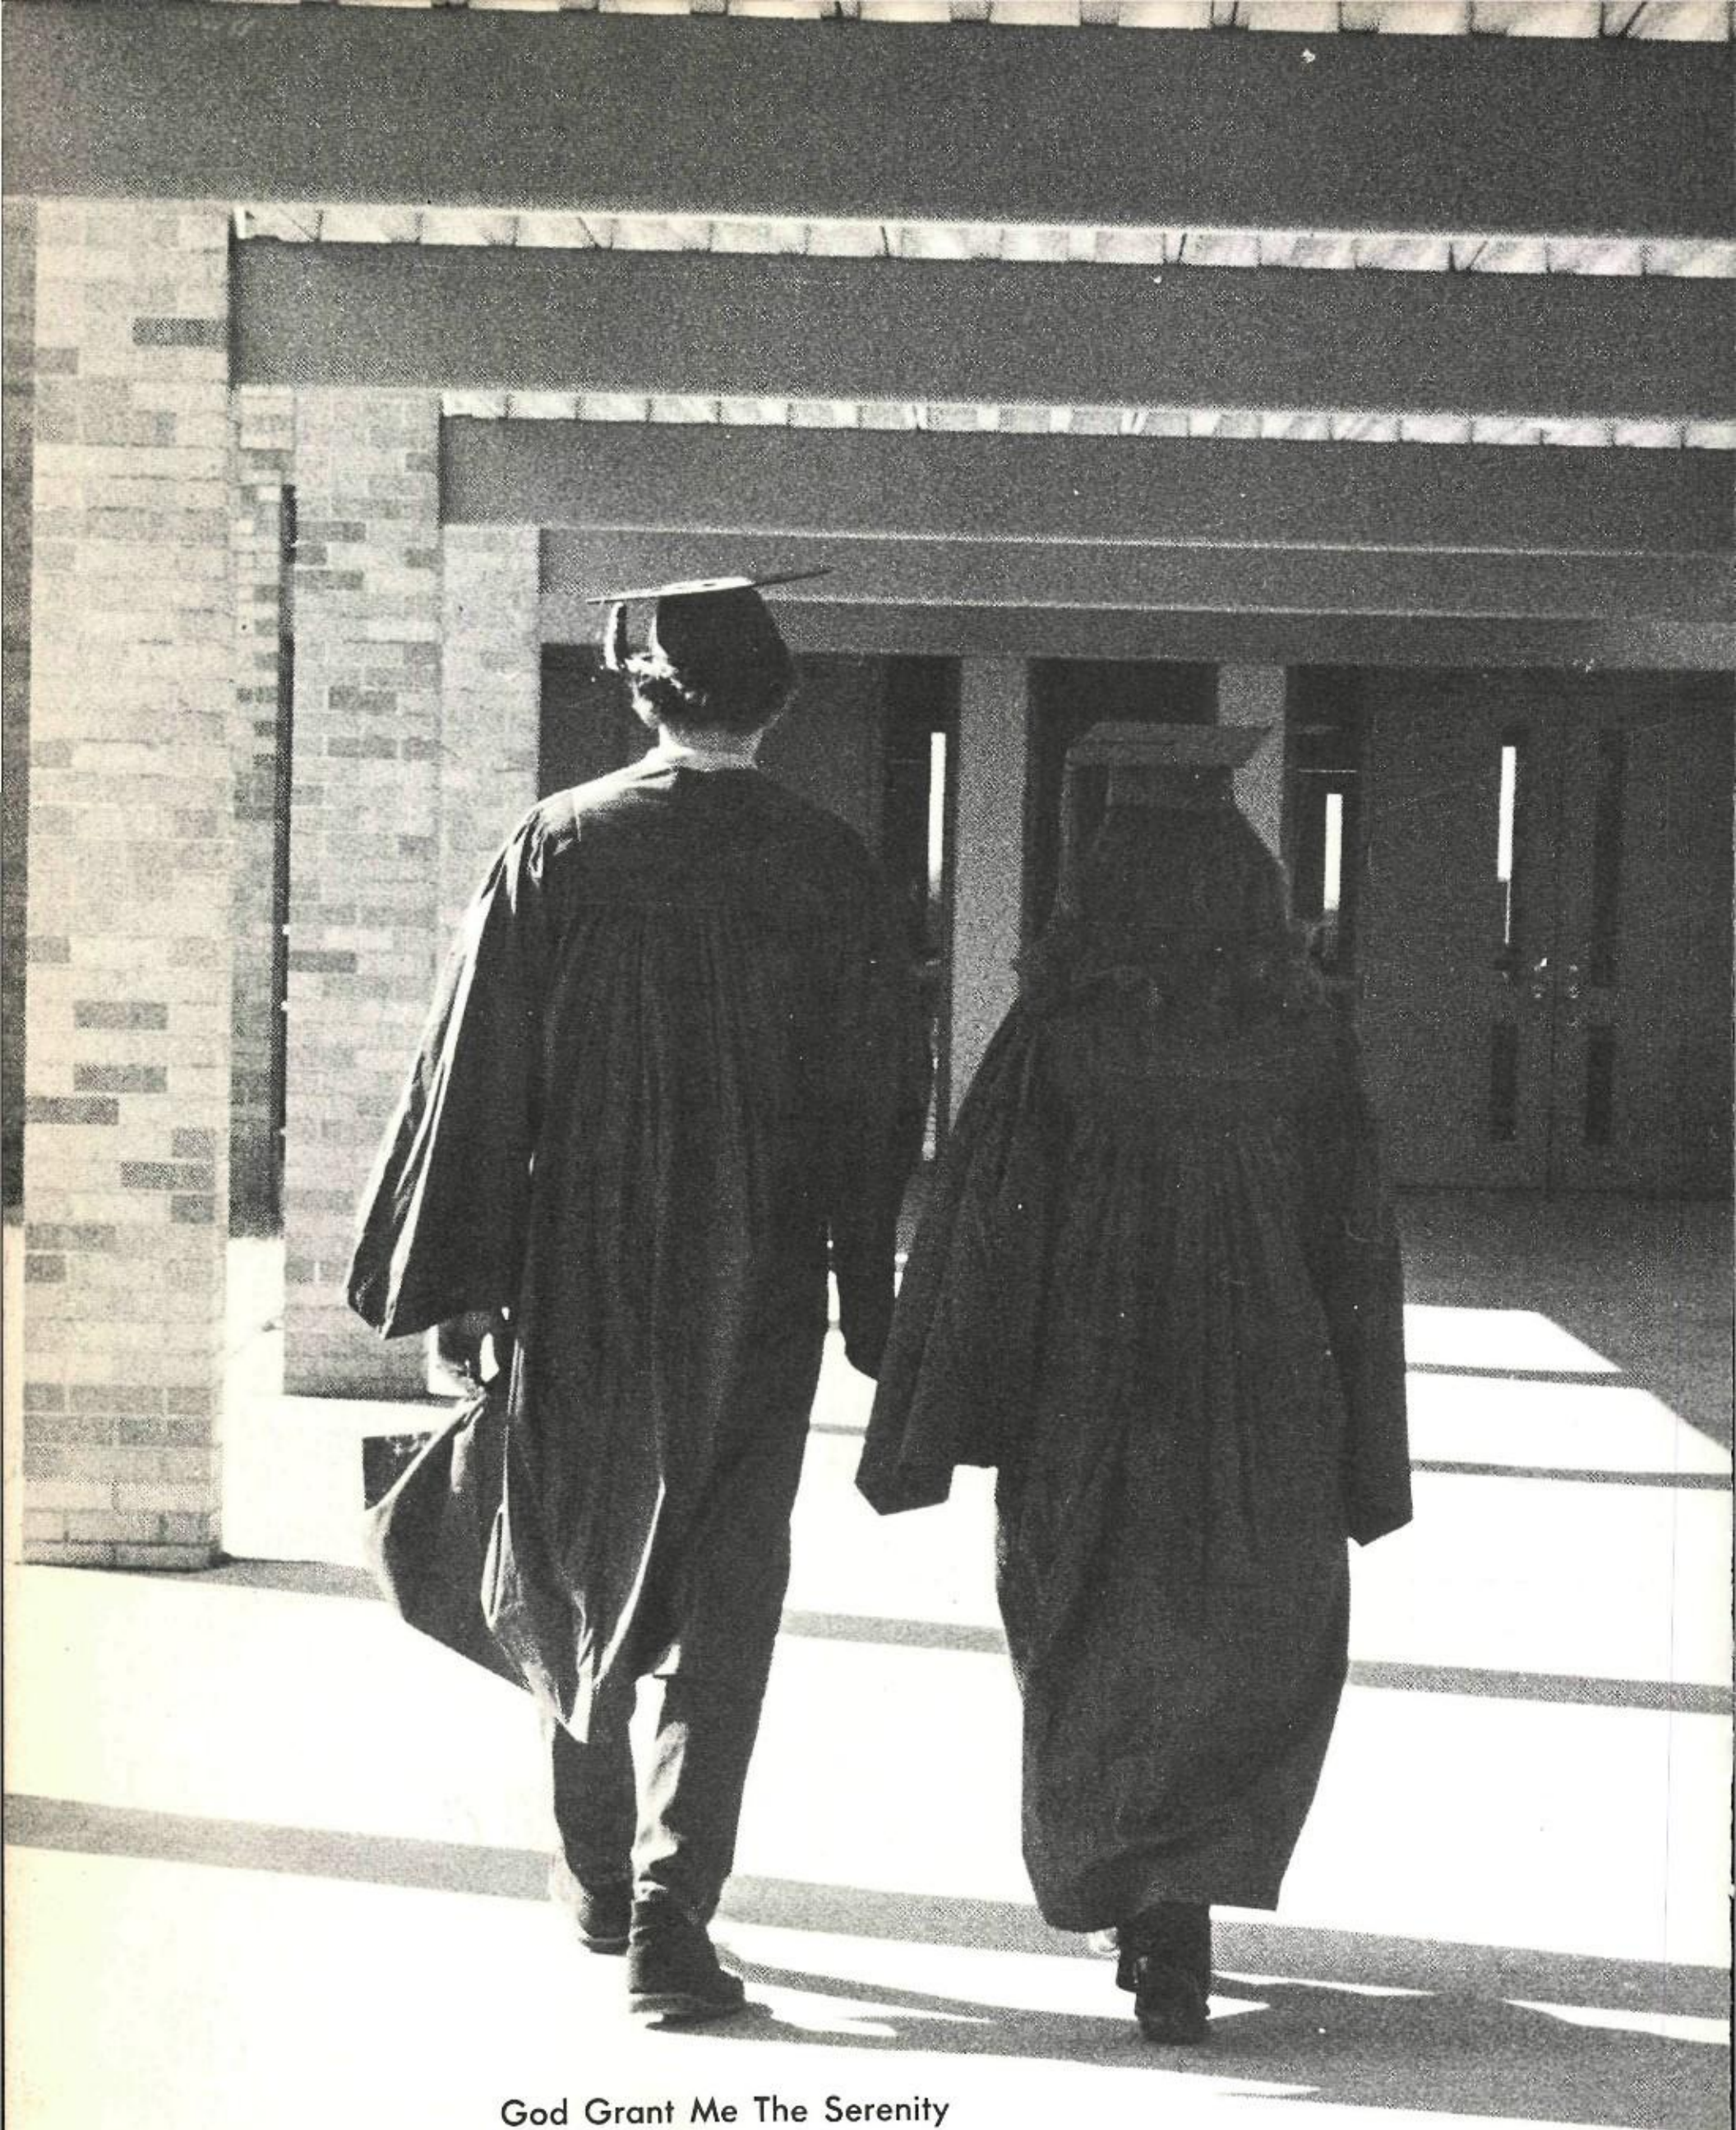

1968 marked the first construction and the first year for the usage of the school. The school was made up of one main hall, a cafeteria, and a girl's gym. As 1969 came, another new hall was added along with a library. 1970 brought about the biggest additions to the school of the four years. A boy's gym was built, while a new hall was added. The offices for the principals were finished, along with a new theater-in-the-round auditorium. The planetarium was officially opened for student and public use.

Outside, the school campus took a new look each year. Three football fields and a small parking lot constituted the outside of the school

in 1968. In 1969, a bigger parking lot was added to help with the many cars that were then being driven to school. Just as 1970 brought a big addition to the building itself, it was the biggest change on the outside. More parking area was provided with lighted tennis courts and a baseball field. The track was installed around the lighted football field and the lighted band practice field was landscaped. Trees, flowers, and shrubs were an addition to brighten up the campus. This school was four years in the making and on November 7, 1971 the school was officially made a high school in dedication ceremonies.

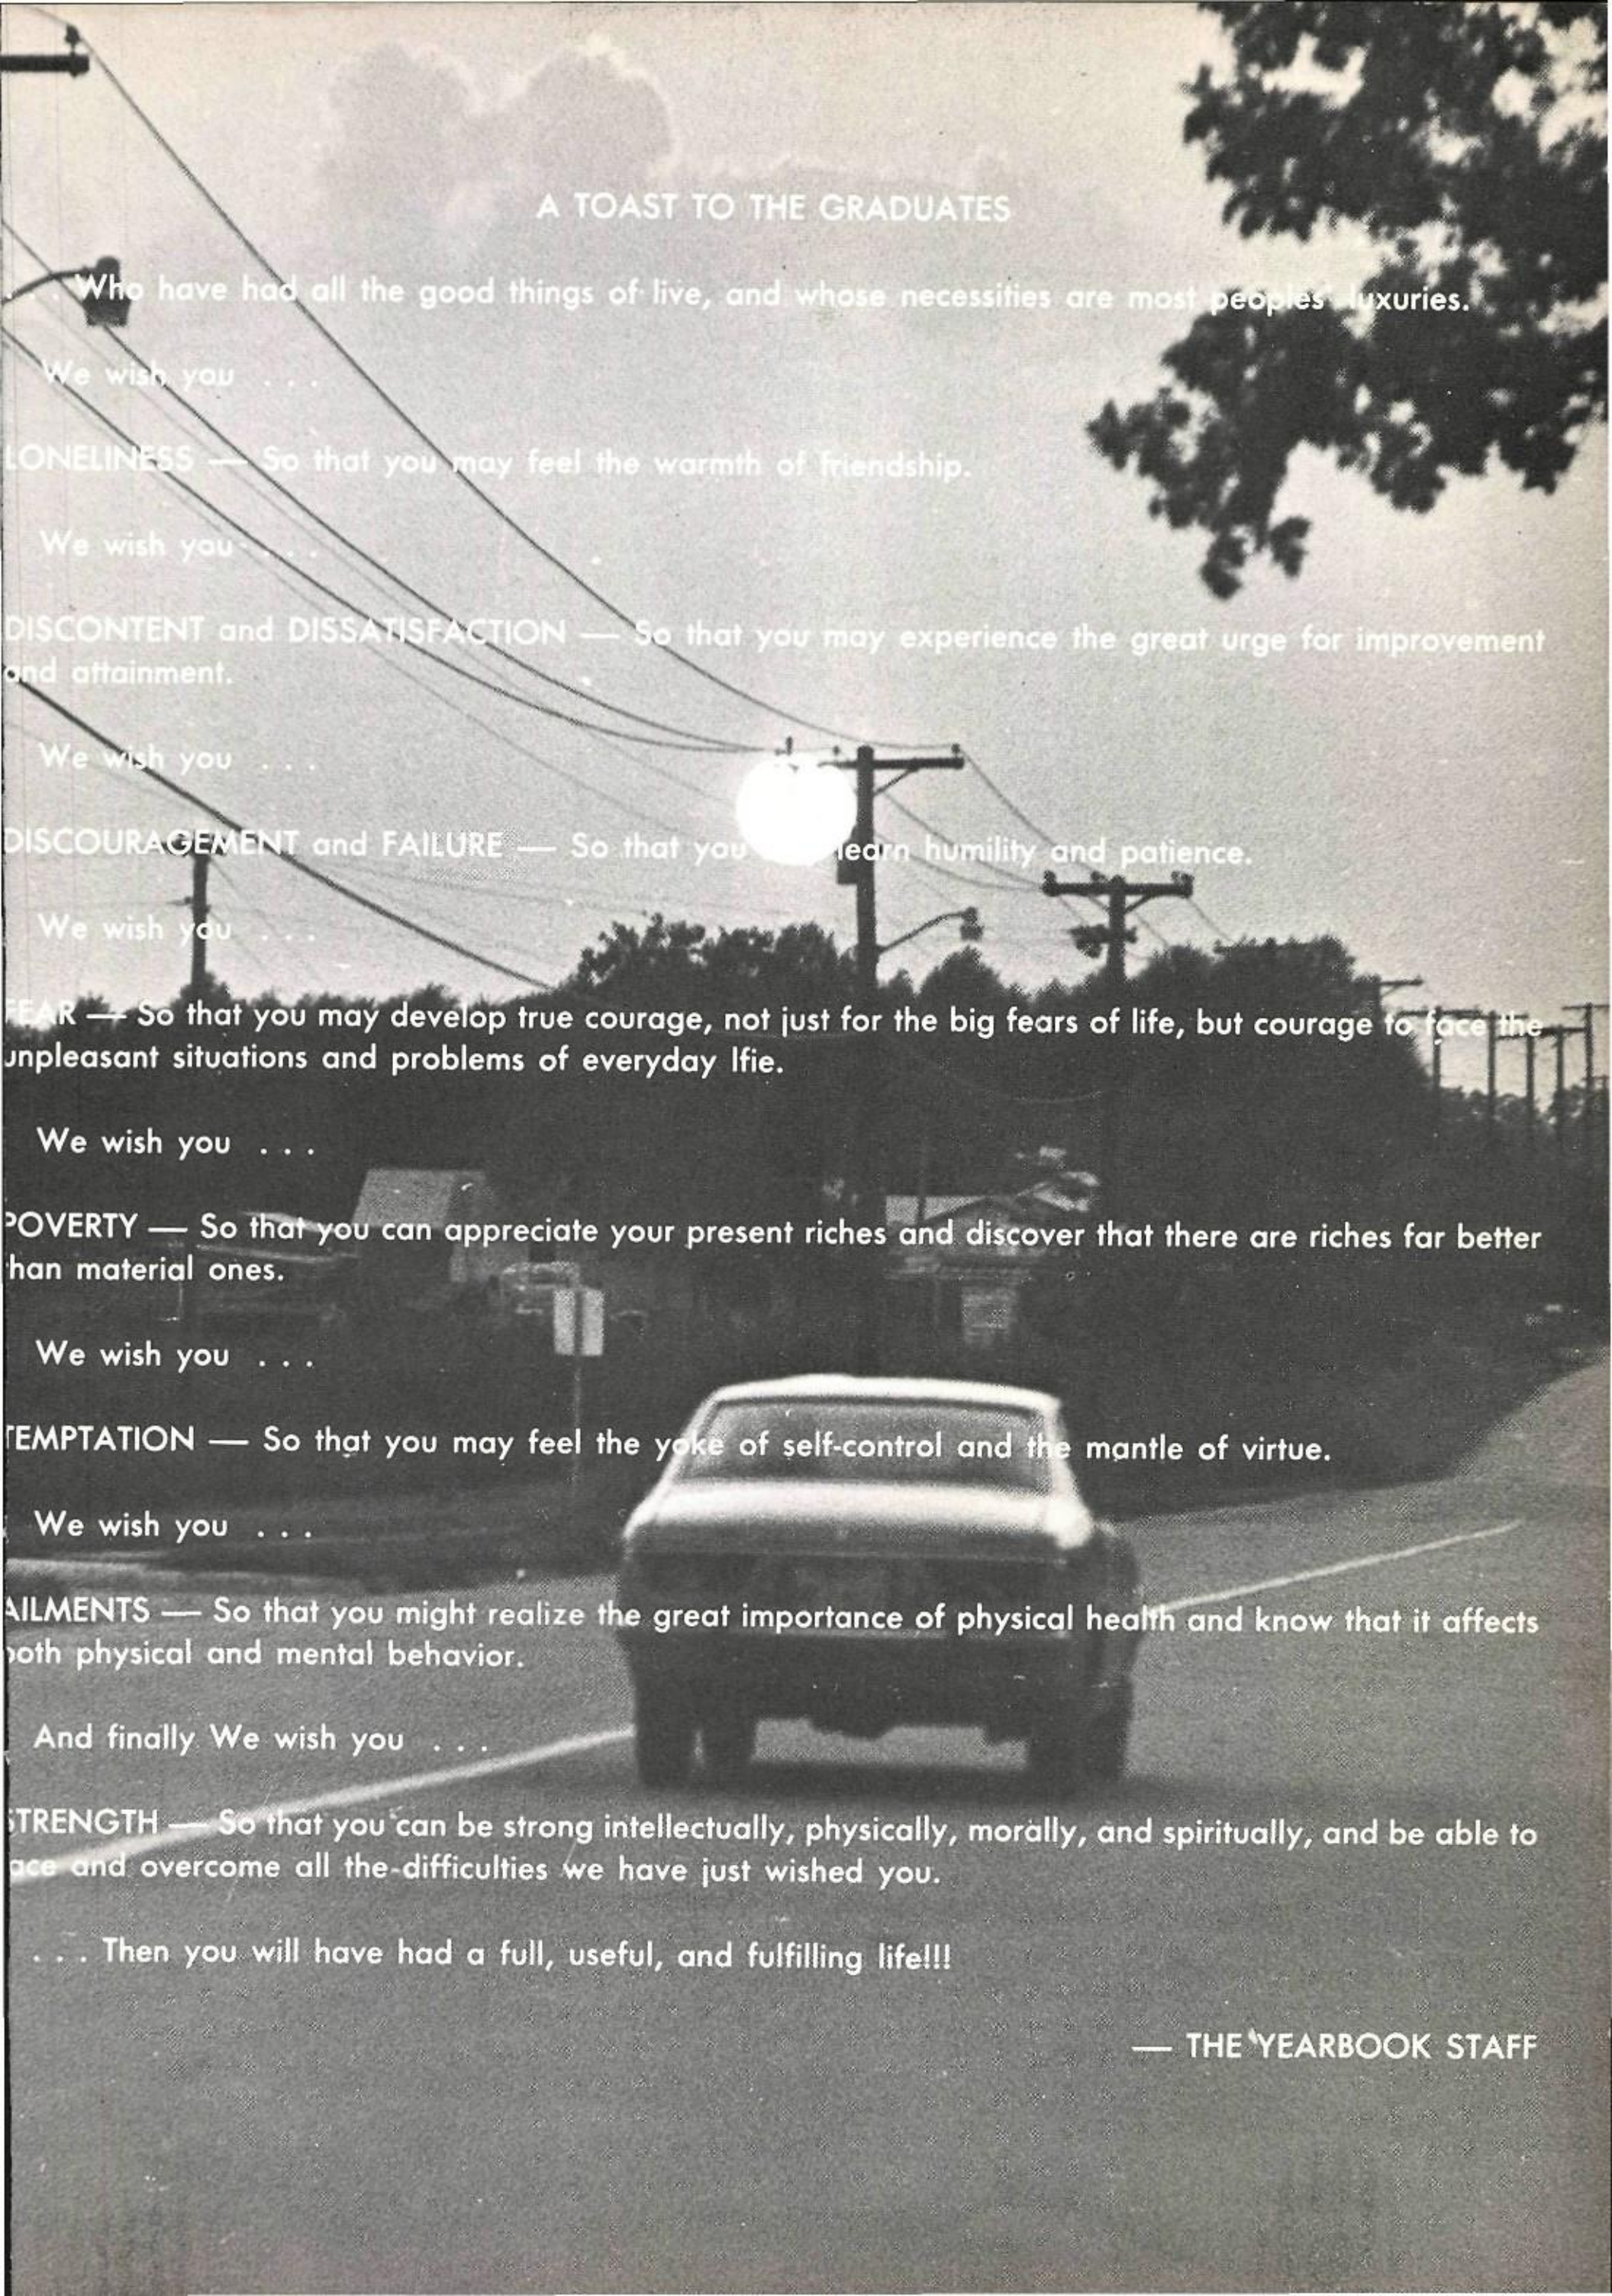

A School Built on Memories Will Have a Past To Remember

God Grant Me The Serenity
To Accept the Things I
Cannot Change; The Courage To
Change the Things I can; And the
Wisdom to Know the difference.

Amen
